Simultaneous Release

Lynne Lancaster and David Stillman
The M-Factor
Why the Millennial Generation Is Rocking the Workplace and How You Can Turn Their Great Expectations into Even Greater Results

This ultimate guide to Millennials in the workplace offers valuable insight and practical tips on how Boomers, Gen Xers, and even Millennials themselves can bridge generational gaps, be more productive, and achieve organizational success like never before.

As the Millennial generation (those born between 1982 and 2000) rapidly enters the workforce, their introduction into the workplace has been anything but seamless. In fact, you might have already heard one of these jaw-dropping stories: the mother who called HR to complain when her daughter got a mediocre performance review. The recent college graduate who dialled the CEO directly to tell him what the company could be doing better. The young employee who revealed a new product launch on her Facebook page before it was announced to the public.

As unbelievable as these scenarios seem, they are happening in workplaces around the world every day, and in The M-Factor, Baby Boomer Lynne Lancaster and Generation Xer David Stillman identify the seven trends essential to understanding this new generation: The Parents, Entitlement, Meaning, Great Expectations, The Need for Speed, Social Networking, and Collaboration. Both humorous and savvy, this book offers valuable insight and practical, actionable tips and solutions.

Lynne Lancaster is a Phi Beta Kappa summa cum laude graduate of the University of Minnesota. She earned her stripes as a corporate communication consultant to companies such as CocaCola and Pillsbury. She is coauthor, with David Stillman, of the bestselling business book When Generations Collide.

David Stillman is a graduate of the University of Wisconsin at Madison with B.A. degrees in communications and sociology. He worked for ABC television in New York City as an intern for Prime Time Live and served as a roving reporter for CBS radio. He is coauthor, with Lynne Lancaster, of the bestselling business book When Generations Collide.

Susan Ericksen lives on the East Coast, where she performs on stage and on television. Susan has recorded many audiobooks, including Naked in Death by J. D. Robb and Woman in Red by Eileen Goudge.
The latest Tweets from The M Factor (@MFactor915). M Factor is a group for gay/bi/queer young adults (18+) with social events that help develop new friendships & build a stronger LGBTQ community in El Paso. 701 Montana, El Paso, TX 79902. M-factor stands for multiplying factor for substances that are highly toxic to aquatic environment (i.e, LC50 or EC50<1mg/L). When classifying a substance as acute aquatic toxicity category 1 or chronic aquatic toxicity category 1 under GHS, it is usually necessary to indicate an appropriate M-factor (Note: This is mandatory under EU CLP regulation) . The purpose of applying M-factor is to give an increased weight to highly toxic components when classifying a mixture. Select features from The M Factor Creative advertisement campaigns; The Dark Knight Rises, The Hobbit: An Unexpected Journey, Argo, H+ The Digital Series and Harry Potter: And The Deathly Hallows Part 2. # vimeo.com/70214108 Uploaded 6 years ago 17 Plays 0 Likes 0 Comments. THE HOBBIT: Feature Campaign. from The M Factor.
