**RESOLUTION NO. 16-03**

BE IT RESOLVED by the County Board of Supervisors of Columbia County, Wisconsin (the "County") that there shall be issued on or before April 15, 2008, pursuant to Chapter 67, Wisconsin Statutes, general obligation bonds or promissory notes (the "Securities") in an amount of $20,600,000 for the purpose of paying the cost of preparing a site, including demolishing existing buildings; constructing and equipping a new jail facility; remodeling and renovating the existing jail facility; and replacing the health and human services offices; and there shall be levied on all the taxable property of the County a direct, annual, irrepealable tax sufficient to pay the interest on said Securities as it becomes due, and also to pay and discharge the principal thereof within twenty years of the date of issuance of the Securities.

BE IT FURTHER RESOLVED by the County Board of Supervisors of the County that bond anticipation notes in an amount of $20,600,000 are hereby authorized to be issued pursuant to Section 67.12(1)(b), Wis. Stats., in anticipation of receiving the proceeds from the issuance and sale of the Securities.

Adopted and recorded April 15, 2003.

Daniel J. See
Chairperson

ATTEST:
Jeanne Miller
County Clerk

Motion by Martin, seconded by Boockmeier, to adopt.

Twenty (20) year borrowing period was discussed. Jeff Belongia, of Hutchinson, Shockey, Erley & Company, financial advisor for the County, explained that Chapter 67, Wisc. Stats., allows up to a maximum of twenty (20) years for discharging debt. By approving this Resolution, the County will authorize Belongia’s firm to start solicitation for interest rates and report back with those rates for the financing of this project. Anticipated financing for the project was structured for a fifteen (15) year period.
Discussion on whether the debt service from the previous jail-building project was paid. The final payment for that project was said to be made in 2008, but it was noted, by Mr. Belongia, that combined refinancing prevented him from saying the existing debt was for the jail or other projects. It depended on how it was amortized.

Supervisor Hamele said he would support the Resolution recommended by the Ad Hoc Jail/Huber Study Committee. Concerns with the recommended Option were due to the demolition of the existing Sheriff’s Safety Building and the relocation of Health and Human Services and elimination of County programs, services and staff. Educational programs should not be sacrificed in an effort to reduce recidivism. He further hoped that improved communication between law enforcement and judicial would take place. Any budgeted overtime should be zero based with those funds redirected toward personnel for the jail.

Supervisor Baumgartner, stated his support of the Resolution, but with mixed feelings. His main concern was with spending funds that could be used for community services and programs.

Supervisor Amato raised the question of conflict of interest or vested interest on the part of supervisors who have districts that contract with the Sheriff’s Department for police support. Attorney Ruf stated that he had researched this question, and in his opinion, he did not see any conflict or incompatibility. The County Board may serve in dual roles, as a County Board Member and Town, Village or City board member. If any member has knowledge of a board member or official making a promise that will benefit their municipality in some way; or that there has been talk of consequences due to how an individual votes, that would be considered a problem.

Supervisor Boockmeier, Ad Hoc Huber/Jail Building Committee Chair stated the committee was formed in February of 2002. After many meetings and much deliberation, the Committee recommended Option IV as the most fiscally responsible solution to the problem. The Huber facility is over crowded and that remains the primary issue today. He encouraged members to support this Resolution as he does.

Supervisor Nelson expressed difficulty in supporting the Resolution and feels the expansion was more than the County could afford at this time. He was not in favor of demolishing buildings and relocating departments and could not support the building project knowing that needed programs provided to county constituents were at risk of being cut. Nelson questioned the continuation of financial assistance from the State of Wisconsin with the current budget deficit. He did indicate that he would support a building project lesser in nature dealing with the Huber issue.

Supervisor Sanderson asked what the tax impact would be on the mill rate for $20,000,000 if financed for 15 – 20 years. Mr. Belongia estimated the tax impact at .22 cents per 1,000 assessed property valuation. Example given was a $100,000 home, an estimated increase of $20.

Supervisor Tramburg felt the Ad Hoc Huber/Jail Committee had reviewed this issue over a long period of time before making its recommendation. Tramburg agreed that he’d rather see money spent for programs that benefit other problems in the community such as drug abuse, spouse and child abuse and anger management. On the other hand, the County has an obligation to provide a facility for individuals who need to be in jail. Columbia County’s incarceration rate was estimated at 13 percent of our population, with the State average at about 8 percent. The original jail was built to accommodate a population of 110. With the current overflow situation, the County’s options were to either ship inmate population to another facility or build a facility to house them. A bracelet program will be initiated that should help with some of problems the County is facing. The Finance Committee took a long hard look at this situation. The decision to put the County in debt was not easy. He expressed his support for this Resolution.

Chair See indicated that in conversations he’d had with Supervisors, most expressed the same sentiments regarding this financing proposal. It was not something the Board looked forward to doing, but most agreed this plan would have the lowest possible cost to the County in the long run. He felt it was the County’s responsibility to take care of this situation.

Supervisor Pufahl had originally felt he had a conflict of interest as the Village of Pardeeville contracted with the Sheriff’s Department. After the Corporation Counsel’s explanation, Pufahl felt there was no conflict of interest and would participate in the vote.

The Resolution was approved by a roll call vote as follows:
AYES: 28, NOES: 3, EXCUSED: 0, ABSENT: 0
NO: Nelson, Wingers and Amato.
BE IT RESOLVED by the County Board of Supervisors of Columbia County, Wisconsin (the "County") that there shall be issued on or before April 15, 2008, pursuant to Chapter 67, Wisconsin Statutes, general obligation bonds or promissory notes (the "Securities") in an amount of $320,000 for the purpose of upgrading the heating system at the County health care center; and there shall be levied on all the taxable property of the County a direct, annual, irrepealable tax sufficient to pay the interest on said Securities as it becomes due, and also to pay and discharge the principal thereof within twenty years of the date of issuance of the Securities.

BE IT FURTHER RESOLVED by the County Board of Supervisors of the County that bond anticipation notes in an amount of $320,000 are hereby authorized to be issued pursuant to Section 67.12(1)(b), Wis. Stats., in anticipation of receiving the proceeds from the issuance and sale of the Securities.

Motion by Tramburg, seconded by Riley, to adopt.
Supervisor Martin acknowledged the efforts of the Health Care Center Committee in petitioning for grant monies from the Department of Commerce by attending listening sessions, making presentations, attending WCA sessions in an effort to resolve this without having to come to the Board floor. Supervisor Tramburg stated the Committee considered the safety of the residents at the Center in all their deliberations. Generator and heating upgrades were necessary at the facility.

Motion by V. Curtis, seconded by Sanderson, to adopt.

There was discussion regarding "acquiring a site".

Motion by Sanderson, seconded by Salzwedel, to amend the Resolution to change "acquiring" to "preparing".

The amendment was unanimously approved.

There was discussion regarding the square footage of the proposed highway facility and the estimated cost per square foot.

Kurt Dey, Highway Commissioner, stated the total area square footage for the project was 122,440, included operations, low heat storage, repair, personnel, lunch room, dispatch, shop and mezzanine. He estimated the average price per square foot at $60.64 with site preparation.

The impact on taxes for $7.5 million proposed Highway Facility, for a twenty (20) year period, was said to be .15 cents per thousand of equalized valuation.

Discussion pertaining to amount approved for site plans with an explanation that $345,000 had previously been approved by this Board for the design of facility. That amount is included in the $7.5 million and approximately $100,000 has been spent to date.

Supervisor V. Curtis noted the time and effort put into planning this facility by the Administration and the Ad Hoc Committee. Further, he expressed his support of the project noting important phases while defining areas that will improve noticeably. Construction of low heat storage area was considered essential to eliminating maintenance on vehicles left outside. Simply starting a vehicle left outside in cold weather was felt to cause damage to the vehicle. He asked for support of the Board on this borrowing resolution.

Supervisor Nelson felt this would make the current Highway Facility operate more efficiently, insure the safety and health of workers, while abiding and complying with State regulations.

The Resolution as amended was approved by a roll call vote as follows:

AYES: 28, NOES: 3

NO: DeYoung, Hamele and Wingers.

RESOLUTION NO. 19-03

WHEREAS, the Jail control panels, which operate lighting, doors, security, plumbing, and electrical systems, are out-dated, in need of replacement, and currently impose a security risk with the inmates, and

WHEREAS, the proposed Touch Screen System will be compatible with technology in the new jail, and less expensive to upgrade and maintain, and

WHEREAS, since current equipment has failed and is partially inoperable, it has been determined that the need is immediate.

NOW, THEREFORE, BE IT RESOLVED that a Jail Touch Screen System be authorized for expenditure, and the sum of $115,980 be transferred from the General Fund to the County Jail Building/Expansion Project.

BE IT FURTHER RESOLVED that it is anticipated that the monies expended under this Resolution are to be recouped through the future issuance of securities.

FISCAL NOTE: Transfer an amount not to exceed $115,980 from General Fund Account #100.341100 to the County Jail Building/Expansion Project Account #400.9950

Motion by Olson, seconded by DeYoung, to adopt. The initial resolution did not include monies for remodeling and installation of this touch screen system in the current jail. It was noted that the new jail would include the same system. Supervisor Sanderson had toured the current jail, looking at panels wearing out of current system, felt this Resolution was needed and would recommend the upgrade proposed in this Resolution. The Resolution was unanimously adopted.

DATE PASSED: April 15, 2003  
DATE PUBLISHED: April 23, 2003

Motion by Baumgartner, seconded by Fitzgerald, to separate petition two from the Ordinance and lay over until next month.  
The motion carried unanimously.  
First reading of item one of Ordinance.  
Motion by V. Curtis, seconded by DeYoung, to suspend the rules and have the second reading of item one of the Ordinance by title only.
There was discussion regarding the Towns position and legal ramifications.
As of April 1, 2003, the Town of Dekorra has not taken a position and that is their intent.
John Bluemke, Planning and Zoning Director, discussed the staff report and stated the Committee recommends approval of the petition to be rezoned. The Committee laid over action for 30 days to give the Town an opportunity to take a position, however, no action was taken.

It was felt that the County has an obligation to make a decision on the petition before them.
Attorney Ruf stated it is his opinion that a decision needs to be made and that even if the County approves the petition the Town can and has the opportunity to veto that decision as it has the final say. If action was taken against County, approving the petition could place the County in a better position.

The question as to only 27 acres being rezoned and setting precedence was raised. This property has been separate since prior to 1984 and meets the eligibility requirements for Ag 2 zoning.
Dwelling placement was suggested to minimize the agricultural impact.
The motion carried unanimously.
Second reading of item one of Ordinance.
Motion by Baumgartner, seconded by Stoltenberg, to suspend the rules and have the third reading of item one of the Ordinance by title only.
The motion carried unanimously.
Third reading of item one of Ordinance.
Motion by Ross, seconded by Riley, to adopt item one.
Motion carried, not unanimously. The Ordinance was declared passed and is to be known as Ordinance Z.307-03.

The following annual reports were reviewed: Management Information Services; Emergency Management; Health and Human Services; Economic Development and Tourism.
Motion by Pufahl, seconded by Olson, to approve the annual reports.
The motion carried unanimously.

7:02 P.M.

The Board of Supervisors of Columbia County convened in annual session at the Courthouse in Portage pursuant to law. Chair Daniel See called the meeting to order.

All members present, except Supervisors Kinney and Westby, excused.

Motion by Pufahl, seconded by Riley, to approve the Journal of April 15, 2003. Motion carried unanimously.

Motion by Stoltenberg, seconded by Wingers, to approve the following change to the agenda: revised Planning and Zoning Ordinance placed on desks. Motion carried unanimously.

Motion by Tramburg, seconded by Healy, to amend Rule 17 (2) to read: "The Revolving Loan Fund/Housing Committee shall consist of one member from the Finance or a citizen at large with banking or financial experience, Agriculture and Land and Water Conservation, and Executive Committees, a County Board representative to the Columbia County Economic Development Corporation, and the Chair of the Columbia County Board of Supervisors or designee".

Lois Schepp, Comptroller, explained that the State of Wisconsin monitors closely and recommends an individual from the outside with strong financial background be appointed to committee. The motion carried unanimously.

The Clerk reported that Columbia County received a Dismissal of Notice of Circumstance of Claim from Attorney Fishbach on behalf of Sharon Werts.

Chair See announced that entry into the Administration Building would be restricted as of June 2, 2003, requiring security identification card and fingerprint verification for employees and Supervisors to access building, except for east side doors.

Chair See announced the following appointments:

1) Carol Ziehmke to the Ethics Inquiry Board for a term to expire April of 2006. On motion by Riley, seconded by DeYoung, the appointment was unanimously approved.

FINANCE COMMITTEE

Motion by Tramburg, seconded by Casey, to adopt.

Lois Schepp stated that non-lapping accounts are continuing appropriations which carry fund balances into next year. Generally, there needs to be a legal reason for these accounts.

The Resolution was unanimously adopted.

RESOLUTION NO.  21-03

WHEREAS, the County Board of Supervisors hereby finds and determines that it is necessary, desirable and in the best interest of Columbia County, Wisconsin (the "County") to raise funds for the purpose of paying the cost of preparing a site and constructing and equipping a new highway facility ($7,500,000) (the "Highway Facility Project"); preparing a site, including demolishing existing buildings, constructing and equipping a new jail facility, remodeling and renovating the existing jail facility; and replacing the health and human services offices ($20,600,000) (the "Jail and HHS Office Projects"); and upgrading the heating system at the County health care center ($320,000) (the "HVAC Project") (collectively, the "Project"); and there are insufficient funds on hand to pay said costs;

WHEREAS, on April 15, 2003, the County Board of Supervisors adopted three initial resolutions authorizing the issuance of general obligation bonds or promissory notes: (1) in the amount of $7,500,000 to pay the cost of the Highway Facility Project; (2) in the amount of $20,600,000 to pay the cost of the Jail and HHS Office Projects; and (3) in the amount of $320,000 to pay the cost of the HVAC Project;

WHEREAS, the County Board of Supervisors hereby finds and determines that the Project is within the County's power to undertake and serves a "public purpose" as that term is defined in Section 67.04(1)(b) of the Wisconsin Statutes;
WHEREAS, counties are authorized by the provisions of Section 67.12(12) of the Wisconsin Statutes to borrow money and to issue general obligation promissory notes for such public purposes and the County Board of Supervisors hereby finds and determines that it is in the best interest of the County to issue general obligation promissory notes to pay a portion of the cost of the Project;

WHEREAS, none of the proceeds of such general obligation promissory notes shall be used to fund the operating expenses of the general fund of the County or to fund the operating expenses of any special revenue fund of the County that is supported by the property taxes; and

WHEREAS, the County Board of Supervisors now deems it to be necessary, desirable and in the best interest of the County to authorize the issuance of and to award the sale of its general obligation promissory notes to Hutchinson, Shockey, Erley & Co., Milwaukee, Wisconsin.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Supervisors of the County that:

Section 1. Authorization of the Notes. For the purpose of paying a portion of the cost of the Project, there shall be borrowed pursuant to Section 67.12(12) of the Wisconsin Statutes, the principal sum of NINE MILLION SIX HUNDRED THOUSAND DOLLARS ($9,600,000) from Hutchinson, Shockey, Erley & Co., Milwaukee, Wisconsin (the "Purchaser") in accordance with the terms and conditions of its purchase proposal (the "Proposal") attached hereto as Exhibit A and incorporated herein by this reference.

Section 2. Sale of the Notes. To evidence such indebtedness, the Chairperson and County Clerk are hereby authorized, empowered and directed to make, execute, issue and sell to the Purchaser for, on behalf of and in the name of the County, General Obligation Promissory Notes aggregating the principal amount of NINE MILLION SIX HUNDRED THOUSAND DOLLARS ($9,600,000) (the "Notes") for the sum set forth on the Proposal, plus accrued interest to the date of delivery.

Section 3. Terms of the Notes. The Notes shall be designated "General Obligation Promissory Notes"; shall be dated June 1, 2003; shall be in the denomination of $5,000 or any integral multiple thereof; shall be numbered 1 and upward; shall bear interest at the rates and shall mature on June 1 of each year, in the years and principal amounts as set forth on the schedule prepared by the Purchaser and attached hereto as Exhibit B (the "Schedule"). Interest is payable semi-annually on June 1 and December 1 of each year commencing on June 1, 2004.

Section 4. Redemption Provisions. At the option of the County, the Notes maturing on June 1, 2011 and thereafter shall be subject to redemption prior to maturity on June 1, 2010 or on any date thereafter. Said Notes shall be redeemable as a whole or in part, and if in part, from maturities selected by the County and within each maturity by lot, at the principal amount thereof, plus accrued interest to the date of redemption. If the Proposal specifies that any of the Notes are subject to mandatory redemption, the terms of such mandatory redemption shall be set forth on an attachment hereto as Exhibit MRP (the "Mandatory Redemption Provisions") and incorporated herein by this reference.

Section 5. Form of the Notes. The Notes shall be issued in registered form and shall be executed and delivered in substantially the form attached hereto as Exhibit C and incorporated herein by this reference.

Section 6. Direct Annual Irrepealable Tax Levy. For the purpose of paying the principal of and interest on the Notes as the same becomes due, the full faith, credit and resources of the County are hereby irrevocably pledged, and there is hereby levied upon all of the taxable property of the County a direct annual irrepealable tax in the years 2003 through 2011 for the payments due in the years 2004 through 2012 in the amounts set forth on the Schedule.

The direct annual irrepealable tax hereby levied shall be carried onto the tax roll and collected in addition to all other taxes and in the same manner and at the same time as other taxes of the County for said years are collected. So long as any part of the principal of or interest on the Notes remains unpaid, the tax hereinabove levied shall be and continues irrepealable except that the amount of tax carried onto the tax roll may be reduced in any year by the amount of any surplus in the Debt Service Fund Account created below.
Section 7. Segregated Debt Service Fund Account. There is hereby established in the County treasury a fund account separate and distinct from all other funds or accounts of the County designated "Debt Service Fund Account for $9,600,000 Columbia County General Obligation Promissory Notes, dated June 1, 2003", which fund account shall be used solely for the purpose of paying the principal of and interest on the Notes. There shall be deposited in said fund account all accrued interest paid on the Notes at the time the Notes are delivered to the Purchaser, any premium, all money raised by taxation pursuant to Section 6 hereof and all other sums as may be necessary to pay principal of and interest on the Notes as the same becomes due. Said fund account shall be used for the sole purpose of paying the principal of and interest on the Notes and shall be maintained for such purpose until such indebtedness is fully paid or otherwise extinguished, and shall at all times be invested in a manner that conforms with the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), and any applicable income tax regulations (the "Regulations").

Section 8. Borrowed Money Fund; Reimbursement. The proceeds of the Notes (the "Note Proceeds") (other than any premium and accrued interest which must be paid at the time of the delivery of the Notes into the Debt Service Fund Account created above) shall be deposited into an account separate and distinct from all other funds and disbursed solely for the purposes for which borrowed or for the payment of the principal of and the interest on the Notes.

The County declares its reasonable expectation to reimburse itself from the Note Proceeds for expenditures relating to the Project which it pays from other funds of the County prior to receipt of the Note Proceeds no more than 60 days prior to the date this Resolution is adopted. The County may also reimburse itself for preliminary expenditures relating to the Project (such as architectural, engineering, surveying, soil testing, costs of issuance and similar costs but not including land acquisition, site preparation and similar costs incident to the commencement of construction) which are in an amount which is less than 20% of the issue price of the Notes. This declaration and the Resolution of which it is a part, shall be publicly available in the official books, records or proceedings of the County Board of Supervisors.

Section 9. Arbitrage Covenant. The County shall not take any action with respect to the Note Proceeds which, if such action had been reasonably expected to have been taken, or had been deliberately and intentionally taken on the date of the delivery of and payment for the Notes (the "Closing"), would cause the Notes to be "arbitrage bonds" within the meaning of Section 148 of the Code and the Regulations.

The Note Proceeds may be temporarily invested in legal investments until needed, provided however, that the County hereby covenants and agrees that so long as the Notes remain outstanding, moneys on deposit in any fund or account created or maintained in connection with the Notes, whether such moneys were derived from the Note Proceeds or from any other source, will not be used or invested in a manner which would cause the Notes to be "arbitrage bonds" within the meaning of the Code or Regulations. The County covenants that it will not invest in any obligation if such investment would violate the "prohibited payment" requirement of Section 148 of the Code.

The County Clerk, or other officer of the County charged with responsibility for issuing the Notes, shall provide an appropriate certificate of the County as of the Closing, for inclusion in the transcript of proceedings, certifying that it can and covenanting that it will comply with the provisions of the Code and Regulations.
Further, it is the intent of the County to take all reasonable and lawful actions to comply with any new tax laws enacted so that the Notes will continue to be obligations described in Section 103(a) of the Code, the interest on which is excludable from gross income for federal income tax purposes throughout their term.

The County covenants that it is a governmental unit with general taxing powers and that the Notes are not "private activity bonds" as defined in Section 141 of the Code.

In accordance with Section 148(f)(4)(C) of the Code, the County covenants that at least 75% of the available construction proceeds of the Notes shall be used for construction expenditures with respect to property owned by the County as provided in Section 148(f)(4)(C)(iv) of the Code. If at least 10% of the available construction proceeds of the Notes (including investment earnings thereon) are expended for the governmental purposes of the issue within six months of the Closing; at least 45% are expended for such purposes within one year; at least 75% are expended for such purposes within eighteen months; and 100% are expended for such purposes within two years, the Notes will qualify for the two year expenditure exception from the rebate requirements of the Code. If for any reason the County did not qualify for the two-year expenditure exemption from the rebate requirements of the Code, the County covenants that it would take all necessary steps to comply with such requirements.

The County Board of Supervisors hereby designates the Notes to be "qualified tax-exempt obligations" pursuant to the provisions of Section 265(b)(3) of the Code and in support of such designation, the County Clerk or other officer of the County charged with the responsibility for issuing the Notes, shall provide an appropriate certificate of the County, all as of the Closing.

Section 11. Execution of the Notes. The Notes shall be issued in typewritten or printed form, executed on behalf of the County by the manual or facsimile signatures of the Chairperson and County Clerk, authenticated, if required, by its fiscal agent, if any, sealed with its official or corporate seal, if any, or a facsimile thereof, and delivered to the Purchaser upon payment to the County of the purchase price thereof, plus accrued interest to the date of delivery. In the event that either of the officers whose signatures appear on the Notes shall cease to be such officers before the delivery of the Notes, such signatures shall, nevertheless, be valid and sufficient for all purposes to the same extent as if they had remained in office until such delivery. The aforesaid officers are hereby authorized to do all acts and execute and deliver all documents as may be necessary and convenient to effectuate the Closing.

Section 12. Payment of the Notes. The principal of and interest on the Notes shall be paid in lawful money of the United States of America by the County Clerk, County Treasurer or Comptroller.

Section 12A. Persons Treated as Owners; Transfer of Notes. The County shall keep books for the registration and for the transfer of the Notes. The person in whose name any Note shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and payment of either principal or interest on any Note shall be made only to the registered owner thereof. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Note to the extent of the sum or sums so paid.

Any Note may be transferred by the registered owner thereof by surrender of the Note at the office of the County Clerk, duly endorsed for the transfer or accompanied by an assignment duly executed by the registered owner or his attorney duly authorized in writing. This Undertaking shall be enforceable by the holders of the Notes or by the Purchaser on behalf of such holders (provided that the rights of the holders and the Purchaser to enforce the Undertaking shall be limited to a right to obtain specific performance of the obligations hereunder and any failure by the County to comply with the provision of this Undertaking shall not be an event of default with respect to the Notes).

The County Clerk, or other officer of the County charged with the responsibility for issuing the Notes, shall provide a Continuing Disclosure Certificate for inclusion in the transcript of proceedings, setting forth the details and terms of the County's Undertaking.

Section 15. Bond Insurance. The Chairperson and County Clerk are authorized to agree to such additional provisions as any municipal bond insurer which makes a commitment accepted by the County to insure the Notes may reasonably request and which are acceptable to the Chairperson and County Clerk, including provisions regarding restrictions on investment of Note Proceeds, the payment procedure under the municipal bond insurance policy, the rights of the bond insurer in the event of default and payment of the Notes by the bond insurer and notices to be given to the bond insurer. In addition, appropriate reference to the municipal bond insurance policy shall be made in the form of Note provided herein.

Section 16. Conflicting Resolutions; Severability; Effective Date. All prior resolutions, rules or other actions of the County Board of Supervisors or any parts thereof in conflict with the provisions hereof shall be, and the same are, hereby rescinded insofar as the same may so conflict. In the event that any one or more provisions hereof shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provisions hereof. The foregoing shall take effect immediately upon adoption and approval in the manner provided by law.

Adopted and recorded May 21, 2003.

ATTEST:
Jeanne Miller
County Clerk

Motion by Tramburg, seconded by Olson, to adopt.

Jeff Belongia, of Hutchinson, Shockey, Erle y & Company, gave a brief presentation on the Resolution submitted before the Board authorizing borrowing of $9.6 million. He discussed the borrowing amount, existing treasury regulations and cash flow process. Issues of less than $10 million in a calendar year are designated bank-qualified issue. However, if more than $10 million is issued, the following requirements must be met in spending to include interest earnings of at least: ten (10) percent in six months, forty-five (45) percent in 12 months and as much as ninety-five (95) percent in first 24 months. Thus by issuing bank-qualified debt the County has secured a better interest rate.

Mr. Belongia stated that Columbia County has been upgraded to Aa3 rating from A1 based on the County's outstanding parity debt. This aids the County in controlling future interest costs as well as this issue. He commended the Finance Committee, Lois Schepp and Administration for achieving this rating and for the County’s strong financial operations at the local level. Sales comparison was discussed, which demonstrated how Columbia County compared to other insured creditors.

On June 4, 2003, the monies will be transferred to the County. At a rate of 3.07 percent. Mr. Belongia stated this is a ten (10) year note with the best rate ever received, taking into consideration the volatile market.

There was discussion regarding the process taken to secure bonding issue. Moody's requirements included submitting three (3) years of audited financial statements and budgets; demographics to include per capita incomes, average home values, growth and development; and the County’s ability to pay back debt thru the life of note taking into consideration any unforeseen circumstances.
Mr. Belongia stated the borrowing would raise the mill rate by .22 cents. Concerns regarding projects exceeding limits were addressed. Chair See stated that the Finance Committee is scheduled to meet on May 27 to address paperwork necessary for projects and how monies will be spent.

The Resolution was approved by a roll call vote as follows:
AYES: 29, NOES: 0,-excused: 2, ABSENT: 0
EXCUSED: Kinney and Westby.

Attorney Ruf reported on the negotiated Sheriff's Non Sworn Contract for 2003-2004. The two (2) year contract includes a 3% wage increase for 2003, creates an additional step after twelve years at 2%, with a wage re-opener clause for 2004; language clarification; and an additional day off per year for not using sick pay.

Motion by Ross, seconded by DeYoung, to ratify the settlement. The motion carried unanimously.

DATE PASSED:  May 21, 2003  
DATE PUBLISHED:  May 29, 2003

Chair See acknowledged the number of people attending the County Board meeting, because of petition two (2) of the rezoning. He advised and instructed the public as to the procedures required to address the Board. He requested that a main presenter be selected and that the presentation be limited to five (5) minutes. Additional comments, by other individuals, were limited to two (2) minutes with material consisting of new information. This opportunity applies to those individuals present either on behalf of or against the rezoning request.

Third reading of items one, three and four of Ordinance.

Motion carried unanimously.

First reading of item two of Ordinance.
Motion by Baumgartner, seconded by V. Curtis, to suspend the rules and have the second reading of item two of the Ordinance by title only.

Supervisor Horton relinquished time to allow Paul Chernak to address the Board.
Mr. Chernak stated he was speaking on behalf of Town of Pacific landowners opposing the rezoning. It was suggested that more notification of adjoining landowners, was necessary. His concerns included: over development, increased traffic, septic systems, water quality/run-off, future wetland habitat and quality of wildlife. He discussed the need to slow down growth for future generations. He asked that the County Board deny the request for rezoning due to the simple fact local taxpayers weren’t given an opportunity to speak prior to the Town Board voting. Further, and most importantly, no study regarding impact of subdivisions on this area had been completed.

Supervisor Martin relinquished time to allow Erma Brockley, to speak. Blank Road was said to be one (1) mile from Highway P to Swan Lake. If this subdivision is approved, Brockley estimated there would be 100 plus homes using this town road. Additional driveways would enter onto this town road that she felt could not tolerate that level of traffic. She cautioned that individuals walk the road, and if zoning is approved, increased numbers of children combined with the 55 mile per hour speed limit, caused her great concern.
Supervisor Tramburg relinquished time to allow William Devine to address the Board. Mr. Devine a member of Town of Pacific Board spoke as a citizen. He stated that a Planning Commission meeting was held on January 28, 2003, in which concerns including moratorium on subdivisions in Town of Pacific; impact on density, school, fire, police and emergency services; town and county road traffic and maintenance; and no land use plan in effect were discussed. Those issues influenced the decisions to table the matter until February 11, 2003, prior to the Town Board meeting. The Planning Commission met and approved the request. Devine’s concerns were that issues discussed at the January 28th meeting were not addressed and that the time frame for citizens to respond were insufficient. He suggested the matter be referred back to the Town of Pacific for a more thorough review.

Supervisor Fitzgerald relinquished time allow Randy Rhode, to speak.

Mr. Rhode stated the importance of noting that the Town of Pacific was working hard to put protection in place. A board engineer reviewed this proposal and Planning Commission held two (2) hearings. Extensive materials were prepared for review, with questions and discussion to follow. However, citizens did not attend and under no rule, is the Town required to notify citizens personally. Mr. Rhode clarified that the rezoning was before the Town Board in March and was postponed until the next month for further discussion and review. At the April town meeting, the rezoning was approved on a two to one vote thus proceeding to County Planning and Zoning Committee. Two (2) public hearings were held at the County level and again, the request was passed in favor of rezoning. He addressed other issues of concern such as schools, septic systems, traffic and referred to written material distributed in favor of rezoning.

Supervisor Fitzgerald relinquished time for Town Board Chair, Tim Carlin to address the Board. In Mr. Carlin’s estimation, the Town of Pacific had noticed the hearings properly in the paper and in specific locations, so they had complied with all legal requirements. The request for rezoning had been discussed on three different occasions. Town of Pacific’s Planning Commission gave a recommendation for approval and the Town Board agreed. It was noted, that this was a rezoning request, approval for a plat was still required prior to proceeding with this development. Discussion on optional routes to Pardeeville on Breneman Road.

Discussion on the Board floor included safety issues, traffic, driveways, and development right issues.

Attorney Ruf discussed procedural option open to the Board. Three (3) questions needed to be answered. 1) How did we get to this point, 2) what the next step is – vote, and 3) what are the consequences after a vote is taken. Chapter 59.69 – advises the County Board to support or oppose a zoning request. Currently, this law drives the Board and since a recommendation for approval was received from the Town of Pacific, County hearings were held, with the eventual report and drafting of an amending ordinance, a vote of either “yes” or “no” is required. Whether it is a good idea or not, that is not addressed by the law. It was the proper procedure. Further, a vote in Ruf’s opinion has to be based on legal record not comments from individuals stating notices had not been sent. If the County were sued, a Judge would look at cold hard facts/records, not comments.

By voting "yes" the Town Board will have second opportunity under Chapter 59 to veto previous decision within 40 days. A "no" vote would end this rezoning petition at that point. The petitioner could start over or seek relief in court. The County’s best interests are served by voting “yes”, stated Ruf based on the record that proper procedures were followed to the point of this vote. This will allow the Town Board an opportunity to decide whether to veto or let stand their previous recommendation.

John Bluemke, Planning and Zoning Director, explained the question before the Town and Planning and Zoning was “is this area appropriate for residential use.” He referred to air photo of area in question. What was looked at is continuation of development in area and anticipation to do so in future years. Design issues/concerns such as storm water regulations, erosion and traffic need to be addressed in planning process.

Supervisor Ford stated another option was available before the Board, to table motion and refer back to Planning and Zoning Committee with requirements that an Environmental Impact Study be completed before returning to Board floor.

Attorney Ruf stated zoning code is not addressed under Chapter 59.69, however, under general rules of parliamentary procedures Supervisor Ford was correct. Standing Rules did allow for an issue to be tabled if insufficient information provided on a zoning matter, was not considered enough to make a decision. However, Ruf’s preference, from the County's perspective and litigation management, was that a final decision be made as soon as possible.
Supervisor DeYoung, called for the question.
The motion carried unanimously.
Second reading of item two of Ordinance.
Motion by V. Curtis, seconded by Robson, to suspend the rules and have a third reading of item
two of the Ordinance by title only.
There was discussion regarding citizens’ responsibilities/rights during planning process. Mr.
Bluemke stated there are two (2) segments. The town and county both have approval authorities of a plat.
The motion carried unanimously.
Third reading of item town of Ordinance.
Motion by Olson, seconded by Wingers, to adopt item two.
Motion was approved on a roll call vote as follows:
AYES: 21, NOES: 8, EXCUSED: 2, ABSENT: 0

Motion by Tramburg, seconded by Martin, to adopt.
Jeff Belongia, of Hutchinson, Shockey, Erle & Company gave a brief presentation on the refinancing of existing debt. Low interest rates motivated the refinancing of bonds, an estimated $205,000 would be saved by refinancing at this time. Effect of State Budget passage and timing of resolution was discussed. Resolution is effective the date of adoption, not date of publication. When bond issues were refinanced in the past, tracking what project it was used for had been difficult. Schepp stated this refinancing resolution is 100 percent remaining balance of the jail.

The Resolution was approved by a roll call vote as follows:

AYES: 28, NOES: 0, EXCUSED: 2, ABSENT: 0

EXCUSED: Ross and V. Curtis.

RESOLUTION NO. 23-03

BE IT RESOLVED by the County Board of Supervisors of Columbia County, Wisconsin (the "County") that there shall be issued, pursuant to Chapter 67, Wisconsin Statutes, general obligation promissory notes (the "Notes") in an amount not to exceed $10,000,000 for the purpose of paying the cost of various public improvement projects and acquisitions set forth in the County's capital improvement plan, as amended from time to time, and general obligation bonds or promissory notes (collectively with the Notes, the "Securities") in an amount not to exceed $10,000,000 for the purpose of paying the cost of refunding the Notes; and there shall be levied on all the taxable property of the County a direct, annual, irrepealable tax sufficient to pay the interest on said Securities as it becomes due, and also to pay and discharge the principal thereof within twenty years of the date of issuance of the Securities or such shorter period required by law.

Motion by Kinney, seconded by Casey, to adopt.

Jeff Belongia, of Hutchinson, Shockey, Erle & Company explained this resolution was a preemptive move to the current budget bill in the legislature. If adopted, this resolution was said to have a five (5) year active life and would allow the board to enter the bond market for the purpose of issuing debt for future capital improvement projects. Money was not being borrowed at this time, just authorized. There were no fees associated with adopting this resolution. This resolution had nothing to do with the current building project. That bonding authorization occurred in May. To clarify the matter further, Wopat stated that in the event that the County needed to borrow against this resolution, the matter would be brought back to the full board for approval.

A motion to amend this resolution was introduced by Hamele, to prevent these monies from being used for present construction projects. Seconded by Amato.

After further discussion, Supervisor Amato retracted his motion second; Supervisor Hamele withdrew the motion to amend.

Supervisor Westby discussed Robert’s Rules of Order and procedural action that would have allowed the board to vote for or against the amendment even though withdrawn.
The Resolution was approved by a roll call vote as follows:
AYES: 27, NOES: 1, EXCUSED: 2, ABSENT: 0
NOES: Nelson.
EXCUSED: Ross and V. Curtis.

RESOLUTION NO. 24-03

WHEREAS, Columbia County is facing a serious fiscal crisis caused by a number of factors including, but not limited to: State binding arbitration, State unfunded mandates, State-imposed mill rate freeze, State mandate for construction of a new jail and subsequent operating costs, projected decrease in State Shared Revenues and also State Health and Human Services Revenues, and a possible State imposed freeze on County levies, and
WHEREAS, due to overcrowding, the immediate need for four (4) new jailers is present, and
WHEREAS, Columbia County now faces the urgent need to generate funding and reduce costs to ensure that essential County functions remain solvent and in operation.
NOW, THEREFORE, BE IT RESOLVED that the sum of $745,178 in County appropriated funds be reduced from various department budgets.
BE IT FURTHER RESOLVED that four (4) new jailer positions be approved and funded for 2003 (1/2 year) in the amount of $105,826 from the above savings.
BE IT FURTHER RESOLVED that the remaining departmental reductions of $639,352 be transferred into the County Contingency Fund, with expenditures to be approved by the County Board on a future date and/or applied to the 2004 County Budget.

FISCAL NOTE: Transfer $105,826 to County Jail Account #2250 and transfer $639,352 to the Contingency Fund Account #100.350000

FINANCE COMMITTEE

Motion by Martin, seconded by Westby, to adopt.
Motion by Pufahl, seconded by Amato, to amend Line 7 by removing "State binding arbitration" in the first paragraph.
The motion to amend failed on a voice vote.
Supervisor Amato requested that the resolution be divided between budget reductions and hiring of four jailers.
Chair See stated that under Rule 3 Motions (6) of the Standing Rules states any member can divide the question under debate.
Nelson expressed disappointment that the budget reductions did not reflect reduced revenues that the County would be losing. He could not support the listed reductions until more substantial figures were available for consideration. Chair See reported that sales tax revenues were down an estimated $10,000 from previous years; and, there has been a steady decline the last two (2) to three (3) months.
Supervisor Pufahl requested a roll call vote on the budget reductions.
Chair See stated that a 2/3 vote would be required.
The budget reduction was approved by a roll call vote as follows:
AYES: 26, NOES: 2, EXCUSED: 2, ABSENT: 0
NOES: Nelson and Stoltenberg.
EXCUSED: Ross and V. Curtis.
Current overcrowding in the jail has necessitated the hiring of four (4) additional jailers. Chair See indicated the Jail is operating with the same number of jailers as when it opened. The Huber population has exploded and Sheriff Rowe estimated revenues will exceed the budgeted amount by $170,000.

These positions are included in the 29 additional staff required to operating the new facility. Amato expressed concerns over lack of any guarantee, due in part to change in administration and policy at the State level, that the County will house state prisoners in the future. Chair See felt this Resolution needed to be approved by the County Board in order to pay for personnel and get some relief from the current overtime situation at the jail.

The hiring of 4 jailers was approved by a roll call vote as follows:
AYES: 27, NOES: 1, EXCUSED: 2, ABSENT: 0
NOES: Amato.
EXCUSED: Ross and V. Curtis.

RESOLUTION NO. 25-03

WHEREAS, Senate Bill 15 (SB15) creates a Joint Survey Committee on State Mandates to deal with the issue of unfunded and under funded mandates; and,
WHEREAS, if the Committee determines that a proposal will cost local units of government money to comply, then the Committee must introduce an amendment to appropriate the necessary funding; and,
WHEREAS, if a proposal is passed which does not fully fund a mandate, the mandate may not be enforced until it is fully funded; and,
WHEREAS, if a mandate, while fully funded initially, is not fully funded over the course of time, it may not be enforced once the funding is reduced or discontinued; and,
WHEREAS, a state agency may not promulgate a rule or take an action that imposes a mandate unless there is sufficient funding for that mandate; and,
WHEREAS, the Legislative Fiscal Bureau is directed to identify all existing mandates by May 1, 2005; and,
WHEREAS, the Joint Survey Committee is directed to submit legislation repealing all mandates to each house of the Legislature by August 1, 2005; and,
WHEREAS, any mandate existing on July 1, 2006 may not be enforced until the mandate is funded.
NOW, THEREFORE, BE IT RESOLVED, by the Columbia County Board of Supervisors, met in regular session, that Columbia County does hereby support Senate Bill 15; and,
BE IT FURTHER RESOLVED, THAT THE Columbia County Clerk be directed to send copies of this resolution to the Wisconsin Counties Association and each County in Wisconsin.

RESOLUTION NO. 26-03

WHEREAS, yet another proposal has been advanced that would freeze the property tax dollars collected by Wisconsin counties at 2002 levels; and
WHEREAS, no one is more concerned about rising property taxes in Columbia County than the Columbia County Board; and
WHEREAS, the elected Board of Supervisors is directly responsible for prioritizing the tough decisions on balancing taxes with needed services for the citizens of Columbia County; and
WHEREAS, the Columbia County Board of Supervisors feel that it has done a proper job of keeping property taxes in line as best that can be done in light of the multitude of unfunded state mandated programs; and
WHEREAS, the power to establish the County’s tax levy has been correctly granted to the Columbia County Board of Supervisors; and
WHEREAS, this proposal would set Columbia County up for arbitrary and harmful decisions the State would have the power to make such as the proposal to increase by 12 percent the charge for Juvenile corrections facilities; and
WHEREAS, this proposal would transfer much of County’s budgetary decision making authority and ability from county boards to the State Legislature; and
WHEREAS, such shift in authority would be one of the most blatant losses of local control ever proposed by any legislature in the State of Wisconsin; and
WHEREAS, the State Legislature, not Columbia County, has helped lead the state of Wisconsin to one of its biggest budget deficits in history; and
WHEREAS, such an undermining of local control is opposite of the presumed intent of Senate Bill 15 which was supported by Columbia County Board Resolution 25-03
WHEREAS, a loss of local control was previously imposed by the Legislature in the form of the state imposed levy rate limit; and
WHEREAS, changes in property and sales tax revenues in a county do not influence the number of dollars that the state or federal government provides in aide to the county (this is different from the situation created by the state of Wisconsin in the last decade for public school funding); and
WHEREAS, the current state budget reduces the amount of state shared revenue to counties; and
WHEREAS, decisions about the level of local tax supported services should be made between the citizens and their county board representatives.

NOW, THEREFORE, BE IT RESOLVED that the Columbia County Board of Supervisors met in regular session and opposes for the reasons listed the proposal to limit Columbia County’s ability to establish the levy necessary to support the services we are charged to provide; and
BE IT FURTHER RESOLVED that the County hereby requests that the State Legislature enhance our local control via removal of the current state imposed property tax levy rate cap on counties; and
BE IT FURTHER RESOLVED that the Columbia County Board requests that the State Legislature and the Governor restore state shared revenue for counties; and
BE IT FURTHER RESOLVED that the Columbia County Board asks the Wisconsin Counties Association to join Columbia County in support of this resolution.

EXECUTIVE COMMITTEE

Motion by Wopat, seconded by Stoltenberg, to adopt.
Chair See indicated this Resolution was presented to the Board from a philosophical point of view stating Towns, Villages, Cities and Counties have the ability to manage and control their budgets and more importantly, make decisions on what services will be provided to its citizens. Supervisor Nelson felt the lack of support from the State ends up increasing property taxes for constituents in the County.

The Resolution was unanimously adopted.
WHEREAS, the Columbia County Board of Supervisors recognizes the benefits of a program to control the disposal and storage of potentially hazardous household and agricultural wastes, and

WHEREAS, Clean Sweep Programs offer education and assistance to citizens in the identification, proper handling, and disposal of household and agricultural wastes through distribution of public information materials, presentation to citizen groups, and a designated day for the collection and disposal of household and agricultural hazardous wastes, and

WHEREAS, the governing committees have demonstrated support for staff participation in Clean Sweep Programs by the Land Conservation, Extension, Solid Waste, and Emergency Management Departments, and

WHEREAS, Columbia County held a Clean Sweep Program for household and agricultural wastes in the spring of 2002, and

WHEREAS, the cost of the 2002 Small Business/VSQG was $6,715.00, Household Clean Sweep was $8,863.52, and the agricultural costs were $21,048.69.

NOW, THEREFORE, BE IT RESOLVED that the Columbia County Board of Supervisors hereby declares its intent to conduct another Clean Sweep Program subject to the receipt of grants, public response, and the appropriation of county funding, with such program to be under the jurisdiction of the Agriculture and Land Conservation and Solid Waste Committees.

BE IT FURTHER RESOLVED that the County Board authorizes the Crops and Soils Agent to submit a grant application for the Agricultural State Grant Program and the Director of Solid Waste to submit a grant application for the Household State Grant Program in accordance with the grant requirements in the spring of 2004 if awarded grants for Columbia County.

BE IT FURTHER RESOLVED that a sum not to exceed $3,000 for the Agricultural Clean Sweep and not to exceed $5,000 for the Household Clean Sweep be appropriated in special accounts in the 2004 budget to conduct a Household and Agricultural Clean Sweep in the spring 2004.

BE IT FURTHER RESOLVED that the Columbia County Extension staff provides leadership in the coordination of other county agencies to fulfill the grant requirements and in the education of the public regarding hazardous waste usage alternatives and disposal methods.

Motion by Wingers, seconded by Stoltenberg, to adopt.
The Clean Sweep Resolution would demonstrate Board support to the DNR for the 2004 program and was necessary for the application process. It was felt that by eliminating appropriated amounts, the application would not be adversely affected.

Motion by Hamele, seconded by Amato, to amend the eighth paragraph to read "BE IT FURTHER RESOLVED that the Department of Agriculture Grant could amount to $16,000 and the DNR grant could amount to $15,000".
The motion to amend was carried unanimously.

RESOLUTION NO. 28-03

WHEREAS, after lengthy litigious action the EPA has been authorized to enforce its heightened eight-hour standard to determine compliance (i.e. attainment v. non-attainment) with the Clean Air Act and is thereby requesting each Governor to recommend ozone non-attainment designations by no later than July 15, 2003; and
WHEREAS, the recommendations of the Wisconsin Department of Natural Resources (DNR) Air Management Bureau, which are expected to consider Wisconsin Areas of Influence (AOI) and Areas of Violation (AOV) as one in the same – will influence the Governor’s non-attainment designations; and
WHEREAS, these recommendations are expected to designate Columbia County as non-attainment regardless of final, quality assured YR 2003 air quality monitoring data; thereby requiring mandatory heightened air quality related policies and programs as part of a State Implementation Plan (SIP) designed to achieve Clean Air Act conformity; and
WHEREAS, non-attainment designations will likely create economic, planning and regulatory impacts resulting in delayed or eliminated Columbia County projects for business and government alike.
NOW, THEREFORE, BE IT RESOLVED by the Columbia County Board of Supervisors that a request, of the Wisconsin DNR Air Management Bureau, be made to exclude Columbia County as part of its June, 2003 non-attainment designation recommendations to the Governor’s Office until after the YR 2003 air quality monitoring data is final and quality assured.

RESOLUTION NO. 33-03

WHEREAS, the County Board of Supervisors of Columbia County, Wisconsin (the "County") hereby finds and determines that it is necessary, desirable and in the best interest of the County to raise funds for the purpose of paying the cost of refunding certain outstanding obligations of the County, to wit: $5,040,000 General Obligation Refunding Bonds, dated February 1, 1994 (the "1994 Bonds") (hereinafter the refinancing of the County's 1994 Bonds shall be referred to as the "Refunding"), and there are insufficient funds on hand to pay said costs;

WHEREAS, the County Board of Supervisors deems it to be necessary, desirable and in the best interest of the County to refund the 1994 Bonds for the purpose of restructuring the County's outstanding indebtedness and achieving debt service cost savings;

WHEREAS, none of the proceeds of the general obligation refunding bonds shall be used to fund the operating expenses of the general fund of the County or to fund the operating expenses of any special revenue fund of the County that is supported by the property taxes;

WHEREAS, counties are authorized by the provisions of Chapter 67 of the Wisconsin Statutes to borrow money and to issue general obligation refunding bonds to refinance their outstanding obligations; and

WHEREAS, the County Board of Supervisors now deems it to be necessary, desirable and in the best interest of the County to authorize the issuance of and to award the sale of its general obligation refunding bonds to Hutchinson, Shockey, Erley & Co., Milwaukee, Wisconsin.
NOW, THEREFORE, BE IT RESOLVED by the County Board of Supervisors of the County that:

Section 1. Authorization of the Bonds. For the purpose of paying the cost of the Refunding, there shall be borrowed pursuant to Chapter 67 of the Wisconsin Statutes, the principal sum of TWO MILLION NINE HUNDRED THOUSAND DOLLARS ($2,900,000) from Hutchinson, Shockey, Erley & Co., Milwaukee, Wisconsin (the "Purchaser") in accordance with the terms and conditions of its purchase proposal (the "Proposal") attached hereto as Exhibit A and incorporated herein by this reference.

Section 1A. Sale of the Bonds. To evidence such indebtedness, the Chairperson and County Clerk are hereby authorized, empowered and directed to make, execute, issue and sell to the Purchaser for, on behalf of and in the name of the County, General Obligation Refunding Bonds aggregating the principal amount of TWO MILLION NINE HUNDRED THOUSAND DOLLARS ($2,900,000) (the "Bonds") for the sum set forth on the Proposal, plus accrued interest to the date of delivery.

Section 2. Terms of the Bonds. The Bonds shall be designated "General Obligation Refunding Bonds"; shall be dated September 1, 2003; shall be in the denomination of $5,000 or any integral multiple thereof; shall be numbered 1 and upward; shall bear interest at the rates and shall mature on December 1 of each year, in the years and principal amounts as set forth on the schedule prepared by the Purchaser and attached hereto as Exhibit B (the "Schedule"). Interest is payable semi-annually on June 1 and December 1 of each year commencing on June 1, 2004.

Section 3. Redemption Provisions. The Bonds shall not be subject to optional redemption.

Section 4. Form of the Bonds. The Bonds shall be issued in registered form and shall be executed and delivered in substantially the form attached hereto as Exhibit C and incorporated herein by this reference.

Section 5. Direct Annual Irrepealable Tax Levy. For the purpose of paying the principal of and interest on the Bonds as the same becomes due, the full faith, credit and resources of the County are hereby irrevocably pledged, and there is hereby levied upon all of the taxable property of the County a direct annual irrepealable tax in the years 2003 through 2007 for the payments due in the years 2004 through 2008 in the amounts set forth on the Schedule.

The direct annual irrepealable tax hereby levied shall be carried onto the tax roll and collected in addition to all other taxes and in the same manner and at the same time as other taxes of the County for said years are collected. So long as any part of the principal of or interest on the Bonds remains unpaid, the tax hereinabove levied shall be and continues irrepealable except that the amount of tax carried onto the tax roll may be reduced in any year by the amount of any surplus in the Debt Service Fund Account for the Bonds created below.

Section 6. Segregated Debt Service Fund Account. There is hereby established in the County treasury a fund account separate and distinct from all other funds or accounts of the County designated "Debt Service Fund Account for $2,900,000 Columbia County General Obligation Refunding Bonds, dated September 1, 2003", which fund account shall be used solely for the purpose of paying the principal of and interest on the Bonds. There shall be deposited in said fund account all accrued interest paid on the Bonds at the time the Bonds are delivered to the Purchaser, any premium, all money raised by taxation pursuant to Section 5 hereof, and all other sums as may be necessary to pay principal of and interest on the Bonds as the same become due. Said fund account shall be used for the sole purpose of paying the principal of and interest on the Bonds, shall be maintained for such purpose until such indebtedness is fully paid or otherwise extinguished, and shall at all times be invested in a manner that conforms with the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), and any applicable income tax regulations (the "Regulations").

Section 7. Borrowed Money Fund. The proceeds of the Bonds (the "Bond Proceeds") (other than any premium and accrued interest which must be paid at the time of the delivery of the Bonds into the Debt Service Fund Account created above) shall be deposited into an account separate and distinct from all other funds and disbursed solely for the purposes for which borrowed or for the payment for the principal of and the interest on the Bonds.

Section 8. Arbitrage Covenant. The County shall not take any action with respect to the Bond Proceeds which, if said action had been reasonably expected to have been taken, or had been deliberately and intentionally taken on the date of delivery of and payment for the Bonds (the "Closing") would have caused the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code and the Regulations.
The Bond Proceeds may be temporarily invested in legal investments until needed, provided however, that the County hereby covenants and agrees that so long as the Bonds remain outstanding, moneys on deposit in any fund or account created or maintained in connection with the Bonds, whether such moneys were derived from Bond Proceeds or from any other source, will not be used or invested in a manner which would cause the Bonds to be "arbitrage bonds" within the meaning of the Code or Regulations. The County covenants that it will not invest in any obligation if such investment would violate the "prohibited payment" requirement of Section 148 of the Code.

The County Clerk, or other officer of the County charged with responsibility for issuing the Bonds, shall provide an appropriate certificate of the County, for inclusion in the transcript of proceedings, setting forth the reasonable expectations of the County regarding the amount and use of the Bond Proceeds and the facts and estimates on which such expectations are based, all as of the Closing.

Section 9. Additional Tax Covenants; Six Month Expenditure Exemption from Rebate; Qualified Tax-Exempt Obligation Status. The County hereby further covenants and agrees that it will take all necessary steps and perform all obligations required by the Code and Regulations (whether prior to or subsequent to the issuance of the Bonds) to assure that the Bonds are obligations described in Section 103(a) of the Code, the interest on which is excludable from gross income for federal income tax purposes, throughout their term. The County Clerk or other officer of the County charged with the responsibility of issuing the Bonds, shall provide an appropriate certificate of the County as of the Closing, for inclusion in the transcript of proceedings, certifying that it can and covenanting that it will comply with the provisions of the Code and Regulations.

Further, it is the intent of the County to take all reasonable and lawful actions to comply with any new tax laws enacted so that the Bonds will continue to be obligations described in Section 103(a) of the Code, the interest on which is excludable from gross income for federal income tax purposes throughout their term.

The County covenants that it is a governmental unit with general taxing powers and that the Bonds are not "private activity bonds" as defined in Section 141 of the Code.

In accordance with Section 148(f)(4)(B) of the Code, the County covenants that ninety-five percent (95%) or more of the net proceeds of the Bonds are to be used for local governmental activities of the County and that 100% of the proceeds of the Bonds will be expended for the governmental purposes of the issue within six months of the Closing. If for any reason the County did not qualify for the six-month exemption from the rebate requirements of the Code, the County covenants that it would take all necessary steps to comply with such requirements.

$2,875,000 of the Bonds are deemed designated as "qualified tax-exempt obligations" pursuant to the provisions of Section 265(b)(3)(D)(ii) of the Code and the balance of $25,000 of the Bonds are designated "qualified tax-exempt obligations" pursuant to the provisions of Section 265(b)(3) of the Code and in support of such designation, the County Clerk or other officer of the County charged with the responsibility for issuing the Bonds, shall provide an appropriate certificate of the County, all as of the Closing.

Section 10. Execution of the Bonds. The Bonds shall be prepared in typewritten or printed form, executed on behalf of the County by the manual or facsimile signatures of the Chairperson and County Clerk, authenticated, if required, by its fiscal agent, if any, sealed with its official or corporate seal, if any, or a facsimile thereof and delivered to the Purchaser upon payment to the County of the purchase price thereof, plus accrued interest to the date of delivery. In the event that either of the officers whose signatures appear on the Bonds shall cease to be such officers before the delivery of the Bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes to the same extent as if they had remained in office until such delivery. The aforesaid officers are hereby authorized to do all acts and execute all documents as may be necessary and convenient for effectuating the Closing.

Section 11. Payment of the Bonds. The principal of and interest on the Bonds shall be paid in lawful money of the United States of America by the County Clerk or County Treasurer.

Section 11A. Persons Treated as Owners; Transfer of Bonds. The County shall keep books for the registration and for the transfer of the Bonds. The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and payment of either principal or interest on any Bond shall be made only to the registered owner thereof. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.
Any Bond may be transferred by the registered owner thereof by surrender of the Bond at the office of the County Clerk, duly endorsed for the transfer or accompanied by an assignment duly executed by the registered owner or his attorney duly authorized in writing. Upon such transfer, the Chairperson and County Clerk shall execute and deliver in the name of the transferee or transferees a new Bond or Bonds of a like aggregate principal amount, series and maturity and the County Clerk shall record the name of each transferee in the registration book. No registration shall be made to bearer. The County Clerk shall cancel any Bond surrendered for transfer.

The County shall cooperate in any such transfer, and the Chairperson and County Clerk are authorized to execute any new Bond or Bonds necessary to effect any such transfer.

The fifteenth day of each calendar month next preceding each interest payment date shall be the record date for the Bonds. Payment of interest on the Bonds on any interest payment date shall be made to the registered owners of the Bonds as they appear on the registration book of the County at the close of business on the corresponding record date.

Section 12. Utilization of The Depository Trust Company Book-Entry-Only System. In order to make the Bonds eligible for the services provided by The Depository Trust Company, New York, New York ("DTC"), the County agrees to the applicable provisions set forth in the Blanket Issuer Letter of Representations previously executed on behalf of the County and on file in the County Clerk’s office.

Section 13. Undertaking to Provide Continuing Disclosure. The County hereby covenants and agrees, for the benefit of the holders of the Bonds, to enter into a written undertaking (the “Undertaking”) required by SEC Rule 15c2-12 promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934 (the “Rule”) to provide continuing disclosure of certain financial information and operating data and timely notices of the occurrence of certain events in accordance with the Rule. This Undertaking shall be enforceable by the holders of the Bonds or by the Purchaser on behalf of such holders (provided that the rights of the holders and the Purchaser to enforce the Undertaking shall be limited to a right to obtain specific performance of the obligations hereunder and any failure by the County to comply with the provision of this Undertaking shall not be an event of default with respect to the Bonds).

The County Clerk, or other officer of the County charged with the responsibility for issuing the Bonds, shall provide a Continuing Disclosure Certificate for inclusion in the transcript of proceedings, setting forth the details and terms of the County's Undertaking.

Section 15. Bond Insurance. The Chairperson and County Clerk are authorized to agree to such additional provisions as any municipal bond insurer which makes a commitment accepted by the County to insure the Bonds may reasonably request and which are acceptable to the Chairperson and County Clerk, including provisions regarding restrictions on investment of Bond Proceeds, the payment procedure under the municipal bond insurance policy, the rights of the bond insurer in the event of default and payment of the Bonds by the bond insurer and notices to be given to the bond insurer. In addition, appropriate reference to the municipal bond insurance policy shall be made in the form of Bond provided herein.

Section 16. Redemption of the 1994 Bonds. The County Board of Supervisors hereby calls the 1994 Bonds due on and after December 1, 2004 for redemption on December 1, 2003. The County hereby directs the Purchaser to cause a notice of redemption, in substantially the form attached hereto as Exhibit D to be provided at the times, to the parties and in the manner provided thereon.

Section 17. Conflicting Resolutions; Severability; Effective Date. All prior resolutions, rules or other actions of the County Board of Supervisors or any parts thereof in conflict with the provisions hereof shall be, and the same are, hereby rescinded insofar as the same may so conflict. In the event that any one or more provisions hereof shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provisions hereof. The foregoing shall take effect immediately upon adoption and approval in the manner provided by law.

Adopted and recorded August 20, 2003.

The favorable interest rate received by the County was due to the Aa3 rating it had received previously. He discussed the debt service schedules and referred to handouts provided.

PLANNING AND ZONING COMMITTEE

Upon hearing no objection, Chair See directed the Report be accepted and placed on file.

The issue of impact to both local and County governments through services provided was of concern to Supervisor Hamele. Budgets were another area that would be affected. Director Bluemke indicated that services for Sheriff, schools, town roads, etc. would be necessary. The County could look at costs for providing those services by local governments in an attempt to provide more information for the Board. Townships should take into consideration the placement of developments, suggested Supervisor Nelson, by locating them in the most desirable areas in a community. Supervisor Wopat questioned if a recommendation was being made as far as deed restrictions for parcels – 2.5 acres in size. She indicated there was no indication of a recommendation and questioned whose responsibility it was to follow up on the deed restriction. During ensuing discussion on deed restrictions, Director Bluemke indicated that it would be the townships responsibility to follow up on the deed restriction, not the County.

For townships to continue to show an increase in equalized valuation, Supervisor Tramburg recognized the fact that it would take new construction for that to be accomplished. Even though he was not in favor of turning townships residential, Tramburg indicated that the county was in danger of losing equalized valuation if rezoning issues of this size, were not allowed.

Daniel J. See, Chair
COLUMBIA COUNTY
BOARD OF SUPERVISORS
Jeanne Miller
COLUMBIA COUNTY CLERK

DATE PASSED: August 20, 2003
DATE PUBLISHED: August 27, 2003
First reading of Ordinance.
Motion by Hamele, seconded by Boockmeier, to suspend the rules and have the second reading of the Ordinance by title only.

Discussion on how these fees and charges compared with neighboring counties. Gene Mucciolo, Land Information Director, reported that a number of counties had been used for comparison purposes. Columbia County’s fees were considered in line with other counties with Dane County mentioned as an exception. As the fee schedule would not go into affect until 2004, Supervisor Sanderson asked that the matter be tabled until further information was available. Chair See stated this matter had gone before the Land Information Committee for their recommendation to this County Board. The Board was encouraged to ask Director Mucciolo any questions pertaining to the amended fee schedule request. Original fees were established in 1995. Growth and changes in the department now saw services being utilized by surveyors, consulting firms, engineering firms, not just the general public. Revenue estimated for 2004 was $7,500. Land Information and Land Conservation function separately and no duplication of services was seen. Open records requests have also influenced the request for fee change.

The motion carried unanimously.

Second reading of Ordinance.
Motion by Martin, seconded by Casey, to suspend the rules and have the third reading of the Ordinance by title only.

The motion carried unanimously.

Third reading of Ordinance.
Motion by Wingers, seconded by Riley, to adopt.

Motion carried unanimously. The Ordinance was declared passed and is to be known as Ordinance 69-03.

At 8:05 p.m. a motion by J. Curtis, seconded by Stoltenberg, to suspend the rules and adjourn meeting until Wednesday, September 17, 2003, at 7:00 p.m. The motion carried unanimously.
The Board of Supervisors of Columbia County convened in annual session at the Courthouse in Portage pursuant to law. Chair Daniel See called the meeting to order.

All members present, except Supervisors Baumgartner, Pufahl and Wingers, excused.

Motion by Boockmeier, second by Stevenson, to approve the Journal of August 20, 2003. Motion carried unanimously.

Motion by Salzwedel, second by Olson, to approve the following change to the agenda: addition of Resolution submitted by Finance Committee to establish 2003 equalized value. Motion carried unanimously.

Comments by Chair See included that the Health and Human Services Board met and accepted the resignation of Tom Pink, Health and Human Services Director effective November 1, 2003. Deputy Director, Sandra Roberts was appointed Acting Director until November 1, 2003.

On a more serious note, Chair See advised the Board that on-going discussions were being held pertaining to layoffs, alternatives to layoffs and position eliminations.

Supervisor Amato introduced William Gardner, President of the Wisconsin and Southern Railroad (WSOR). The WSOR was named Regional Railroad of the Year by Railway Age Magazine in 2001 and received the 2002 Marketing Award from the American Short Line and Regional Railroad Association.

The WSOR was started in 1980 because the Milwaukee Road filed for bankruptcy. The loss of rail service would have been detrimental to economic development and growth in counties as well as the State of Wisconsin. Today the railroad operates over 550 miles of track through 18 counties. A partnership has been developed with five (5)-rail transit commissions/consortium: East Wisconsin Counties Railroad Consortium, Pecatonica, Pink Lady, South Central Wisconsin and Wisconsin River Rail. These commissions/consortiums consist of county representatives working together to promote and preserve rail services while sharing cost. The consortium was currently seeking partnership with Columbia County. Partnership in the consortium provided benefits to businesses in the County through lower transportation costs, more reliable and efficient method of shipping products and ability to compete in the market place. Counties would benefit through increased economic growth, employment opportunities, decrease in road maintenance and additional revenues/taxes.

A WisDOT study showed that $12 million a year could be saved in highway maintenance due to reduction in road traffic. A program had been implemented installing STOP signs at railroad crossings instead of warning signs/devices resulting in decreased collisions and fatalities.

Mr. Ken Lucht, Staff Administrator of Wisconsin River Rail Transit Commission referred to handouts presented to County Board members. WSOR is considered the "operator" and owned cooperatively by the State of Wisconsin and 14 counties. Funding is split with 80% coming from the Wisconsin Department of Transportation in the form of grants and 10% by both railroad and counties.

In 1998 Columbia County had agreed to help fund the consortium in the amount of $6,500 for four (4) years. It was reported that 32 miles of track between Horicon and Cambria had been upgraded to 90 lb. continuous rails. The next project, for the consortium, will be upgrading rail lines between Milton and Janesville. The cost to counties for this project is $15,000. Chair See indicated that in better times it would have been an easy decision for the County Board to join the consortium. He thanked Mr. Gardner for his presentation.

Supervisor Ross had attended sessions at the WCA Conference in La Crosse on dealing with media, consolidation and downsizing, consensus bargaining and tech. college funding. He came away from the conference feeling that Columbia County compared favorably with other counties.
Supervisor Sanderson attended sessions on realigning Wisconsin taxation system, redesigning Health and Human Services delivery system, long-term care and future of nursing homes in Wisconsin. Sanderson felt that intense competition between care facilities has resulted in Columbia County maintaining its’ census levels. He felt that the Columbia Health Care Center was a facility that the County should be proud of and indicated it was the Board’s responsibility to promote the facility in hopes of increasing the census.

Chair See asked that Supervisors Martin, Westby and Ford give a report on their attendance at the WCA Conference in October.

Third reading of Ordinance.
Motion by Healy, seconded by DeYoung, to adopt.
Motion carried unanimously. The Ordinance was declared passed and is to be known as Ordinance Z311-03.

At 8:22 p.m. a motion by J. Curtis, seconded by Stoltenberg, to suspend the rules and adjourn meeting until Wednesday, October 15, 2003, at 7:00 p.m. The motion carried unanimously.
The Board of Supervisors of Columbia County convened in annual session at the Courthouse in Portage pursuant to law. Chair Daniel See called the meeting to order. 

All members present, except Supervisors Casey and J. Curtis, excused.

Motion by Riley, second by Stevenson, to approve the Journal of September 17, 2003. Motion carried unanimously.

Motion by Andler, second by Boockmeier, to approve the agenda. Motion carried unanimously.

During Chair See’s comments he referred to an informational handout proposing publishing email addresses for Supervisors on the county’s web site creating an additional avenue for citizens to communicate with their elected officials. The Executive Committee discussed this proposal and felt it important that supervisors have a choice. Other changes to website included photos of Supervisors reflecting picture on ID tags.

It was noted that the next County Board meeting would be Tuesday, November 11th, a requirement of Wisconsin State Statutes. The date listed in the County Directory was incorrect.

Supervisors were encouraged to cash per diem checks as expense reports needed to be current.

During the budget process, only ten (10) County Board meetings were budgeted for. There will not be a January meeting. Discussion was held on revising County Board Standing Rules. Chair See indicated the rules would be reviewed in March for approval at the April County Board meeting.

Chair See asked that Supervisors seek out Lois Schepp, Comptroller or John Tramburg, Finance Committee Chair for any questions they may have regarding the budget prior to the November 11th meeting.

The Clerk reported that Columbia County had received a Petition for Return of Seized Property from Attorneys Cates and Kinne on behalf of Kelly Mahnke.

The Finance Committee Chair John Tramburg, distributed the proposed 2004 budget. He reported on the five (5) months of deliberations that had led to this 2004 budget. During that time, reductions in the “2003” Budget and “2004” budgets were finalized. Tramburg reported that equalized value had increased by 5.5 percent. The proposed 2004 budget has an increase of $2,018,436 with a mill rate increase of 7.6%. Tramburg indicated the Finance Committee had aggressively sought to reduce operating costs. Major contributing factors included adhering to mill rate freeze; decreased State and Federal Revenues; slow down in growth in equalized value; increased funding for jail operations and anticipated loss of $800,000 in IGT funding to the Health Care Center. Tramburg further stated that highlights, in this budget, were hard to find and that decisions had to be made to reduce operating expense by eliminating staff and limiting capital expenditures to stay within the levy limit and prepare for 2005. Services were rated as follows: 1) if mandated or essential for operation; 2) fully/partially or not funded at all for programs dealing with elderly, youth, disabled, impoverished, physically and mentally ill and 3) services that are nice to have but may be provided elsewhere. Reduction of $2,717,642 in budget requests was achieved, in part, through elimination of fourteen (14) positions, seven (7) limited term employees and reduction in hours of seven (7) additional positions. A reserve of $1,092,000 has been set up in the contingency fund for jail operation in 2005 and Highway. Supervisor Tramburg reiterated that questions on the budget should be referred to Comptroller Lois Schepp.
Chair See indicated that the Finance Committee was charged with the responsibility of establishing a budget. The budget was carefully reviewed; it met critical needs of the county, worked within the levy freeze and prepared the County for an anticipated difficult 2005 budget.

Supervisor Nelson expressed concerns regarding the reserve for 2005 mainly being used for the new jail, while cutting needed services to communities. Chairman See indicated that if the County had not proceeded with the jail-building project, costs for housing inmates at other locations, in addition to transportation costs, would have exhausted funds this year versus reserving for future use.

Chair See anticipated that the County would have the ability to re-coop costs and operate the jail. Further he indicated that Supervisors should know that expenses would not be recouped immediately in 2005. Securing prisoners and training jailers also would not happen at once.

Supervisor Nelson raised the question, what amount needed to be carried in the General Fund to continue the current bond rating? Lois Schepp, Comptroller, replied the general fund is at $5.8 million. Expenditures are estimated to be $58 million. Ten percent (10%) of total expenditures are required to maintain the current bond rating. Comptroller Schepp stressed the importance of maintaining the County’s bond rating with anticipated borrowing in January. Shortages at years end are due to interest on investment earnings and board of prisoners being down. Schepp stated those shortages would have to be made up. Further, County Board approval of the construction of a new jail facility was a major consideration in determining the 2004 budget distributed tonight. The Finance Committee had followed the Board’s directive.

Chair See discussed the policy used in implementing layoffs. Numerous options had been considered including early retirements/attrition, alternatives to layoffs, layoffs and position eliminations. Recommendations were made to the Human Resource Committee. After reviewing those recommendations, early retirement buyouts were eliminated due to resulting costs. No savings would be experienced. Meetings had been held with the three (3) departments that employed largest number of staff. Options were discussed with resulting decision to act immediately, eliminating possible tampering with county equipment/systems. By establishing this policy, Chair See indicated controversy was kept to a minimum. It eliminated word leaking out which would have made the process more difficult. Those employees who lost their jobs would receive unemployment, with health insurance costs paid for next three (3) months. Chair See indicated future layoffs were dependent on union settlements, salary and health care benefit costs. 2004 monies will not be used to meet wage settlements.

Chair See addressed concerns expressed by some Supervisors as to lack of communication prior to layoffs/position eliminations. For the most part, department heads were involved in the process from the beginning and have accepted these decisions. Chair See encouraged the Supervisors to do the same. He indicated that if there were five or six supervisors willing to study the issues, make recommendations and determine a policy to be carried out in the future, he would welcome their contribution. He conceded that communication with Supervisors should have been done and apologized for that.

Human Resources Director, Brent Miller introduced Ms. Donna Chrzas, the new Veteran's Service Officer, who will begin work on November 3, 2003. Ms. Chrzas commented on her thirteen (13) years of service to Marquette County and that she looked forward to challenges here in Columbia County. On motion by Andler, seconded by Martin, to appoint Ms. Donna Chrzas as the Columbia County Veteran's Officer for a term to expire January of 2006. The appointment was unanimously approved.

The Executive Committee had recommended and approved the appointment of Debra Wopat, John Tramburg, and Andy Ross, with Susan Martin as alternate, to the 2004 Negotiating Committee. On motion by Salzwedel, seconded by V. Curtis, the appointments were unanimously approved.

Supervisors Martin, Ford and Westby reported on the 2003 Wisconsin Counties Association Convention. Supervisor Martin had attended sessions on how to better manage binding arbitration, effective media relations and consolidation and downsizing. Supervisor Ford had also attended consolidation and downsizing of governmental services, restoring our waters and geographic information systems sessions. After attending five (5) sessions, Supervisor Westby felt the session on 9-1-1 the most beneficial. Other sessions included justice corrections process, juvenile justice, advocating H.S. funding and mutual aid in law enforcement.

JUDICIARY COMMITTEE

Supervisor Boockmeier relinquished time to allow DuWayne Stork to address the Board.

Mr. Stork, addressed the horse issue and payment of boarding/feed/vet bills before the County Board.

Chair See introduced Ms. Roberts and indicated that she had met with the Judiciary Committee this morning to answer questions pertaining to boarding, feed, vet bills and would respond to questions from the floor. A handout consisting of breakdown of costs was distributed to Supervisors. Roberts indicated that the cost of care was dependent on condition of the animal and amount of care required. Feed requirements were formulated by the attending Veterinarian. There was discussion regarding condition, age and possible euthanasia of animal(s).

Sheriff Rowe stated there was probably cause on the 4th of July resulting in the animals being seized. He is obligated to investigate any crime and the horses are now evidence in a case that has not been settled.

Supervisor Tramburg, called for point of order.

Motion by Sanderson, seconded by Ford, to adopt.
Supervisor Tramburg indicated the Finance Committee would forgo requirement of invoices after reviewing detailed breakdown of costs and recommend the Board move forward with this resolution.

Attorney Kohlwey discussed the pending criminal charges and possibility of collecting restitution for expenses incurred.

Motion by Fitzgerald, to table the resolution because of pending litigation.

Supervisor Tramburg, called for the question.

Several supervisors had acknowledged their interest in discussing the issue prior to the question being called. Attorney Ruf was consulted and determination was made that any legal body could allow members to speak or to cut the debate and act on motion. On a voice vote, the legal body allowed Supervisors Amato, DeYoung, Hamele and Amato to speak.

Supervisor Amato seconded the motion to table the resolution.

Chair See said the motion was non-debatable and a roll call vote was requested. He clarified that the motion was to table this resolution until case settled.

Supervisor Hamele explained that setting a time certain was not a tabling motion.

After consulting with Corporation Counsel Ruf, Chair See indicated that an amendment would delay or postpone to a date certain, bringing the matter back to the Board. By voting “yes” Supervisors would be voting to postpone the resolution, a “no” vote would bring the Resolution back to the floor for vote.

The motion to amend failed on a roll call vote as follows:

**AYES:** Nelson, Olson, Riley, Stevenson, Wingers, Amato, Baumgartner, Boockmeier, V. Curtis, DeYoung, Fitzgerald and Horton.

**NOES:** Hutler, Kinney, Martin, Pufahl, Robson, Ross, Salzwedel, Sanderson, Tramburg, Wopat, Andler, J. Curtis, Ford, Hamele and Healy.

**EXCUSED:** Stoltenberg, Westby and Casey.

Further discussion regarding incurred, future and already paid expenses. Lois Schepp verified that $4,091.70 had been authorized previously by the Judiciary Committee and had been paid from the Sheriff's Department Investigator Expense Account. Bills presented today for payment would be paid from the General Fund.

Chair See indicated that an Animal Rescue Fund had been established for future animal care. Any restitution recovered as a result of this case, would be placed in this fund.

Supervisor Amato requested a roll call vote.

**AYES:** 20, **NOES:** 8, **EXCUSED:** 3

**AYES:** Kinney, Martin, Pufahl, Riley, Robson, Ross, Salzwedel, Sanderson, Tramburg, Wingers, Wopat, See, Andler, J. Curtis, V. Curtis, Fitzgerald, Ford, Hamele, Healy and Hutler.

**NOES:** Nelson, Olson, Stevenson, Amato, Baumgartner, Boockmeier, DeYoung and Horton.

**EXCUSED:** Stoltenberg, Westby and Casey.

The Resolution failed for lack of two-thirds vote of entire County Board. Chair See explained that the Resolution would be laid over until next month unless there was reconsideration of vote from a member of the prevailing side. Hearing none, the Resolution was tabled until December.

Motion by Tramburg, seconded by Wopat, to adopt.
Motion by Hamele to amend the 2004 Budget and Levy Property Tax Resolution by reinstating $15,018 to the Extension Budget, second by Nelson.
Supervisor Wopat raised question as to where the funds would come from.
Supervisor Hamele explained that in actuality, the UW Extension budget has been reduced, from last year’s budget by $91,659, or 28.8%. Impact of cuts to low-income families, elderly and women was not fully comprehended as yet. Reduced hours of staff would delay responses to public inquiries. Hamele discussed strong work ethics and dedication of staff members. Columbia County is no longer a cooperative effort with the State. He finished by stating he strongly support this amendment. Nelson felt the $15,000+ could be found in the contingency fund and noted that by reinstating those funds, the county would receive $25,000, the 60/40 percent sharing of the positions. Baumgartner supported the amendment to reinstate two positions. Wopat indicated problems created at the State level have resulted in the County taking certain actions. Supervisor Boockmeier, called for the question. Chair See clarified the vote, a “yes” vote would be in favor of the amendment, and a “no” vote would indicate approval of the budget as proposed.

It was clarified that a two-thirds vote of members present was required.
The motion to amend failed on a roll call vote as follows:
AYES: 6, NOES: 22, EXCUSED: 3
AYES: Nelson, Wingers, Baumgartner, DeYoung, Fitzgerald and Hamele.
RESOLUTION NO. 45-03

WHEREAS, 2003 Senate Bill 127, proposes the implementation of a five-day grace period for unpaid delinquent property taxes and removal of penalties; and

WHEREAS, the proposed modifications to the calculation of interest and penalties relating to delinquent payments of property tax installments, implementation of a five-day grace period and the removal of penalties will result in substantial loss in County revenue; and

WHEREAS, the additional staff and programming costs required to implement 2003 Assembly Bill 133 and 2003 Senate Bill 127 are significant; and

WHEREAS, the State of Wisconsin grants no grace periods of any length, for any tax payments owed to it, including income taxes; and

WHEREAS, the Columbia County Treasurer makes every effort to inform taxpayers, through various media, regarding payment deadlines; and

WHEREAS, the majority of taxpayers pay their property taxes in a timely manner; and

WHEREAS, passage of Assembly Bill 133, as well as Senate Bill 127, and proposed amendments, serves only a few taxpayers and penalizes numerous taxpayers.

NOW, THEREFORE, BE IT RESOLVED that the Columbia County Board of Supervisors strongly opposes 2003 Assembly Bill 133, and subsequent amendments, containing major changes to the calculation of interest and penalties relating to the delinquent payments of property tax installments, as well as the proposed five-day grace period and removal of penalties contained in 2003 Senate Bill 127; and

BE IT FURTHER RESOLVED that the County Clerk shall forward a copy of this resolution to the Governor, Columbia County’s Legislative Representatives and the Wisconsin Counties Association.

HOUSING COMMITTEE

Motion to adopt resolution made by Tramburg, second by Healy.

Lois Schepp explained that the Revolving Loan Fund has been very active historically. A number of loans had been paid off in the last year, making funds available as stated in the resolution. She further indicated the State encourages utilization of these funds.

Mr. and Mrs. Crum were introduced to the Board and gave a brief presentation. The need for infant care and reduction of lengthy waiting lists generated their request and application for funding to open a day care center in Lodi. Supervisor Martin indicated both Mr. and Mrs. Crum had degrees in education, with Mrs. Crum certified and currently working in a day care center. Both have had previous business experience. Mr. Crum indicated the RL funds were considered a very viable part of this project. They expressed their appreciation to the County Board.

RESOLUTION 48-03

WHEREAS, under current Wisconsin law (1993 Act496) and federal law (1996 Federal Telecommunications Act 1996) local units of government are allowed to supply competitive telecommunications services to their communities; and

WHEREAS, to date 24 Wisconsin communities have applied for and been granted Competitive Local Exchange Carrier (CLEC) status from the Public Service Commission of Wisconsin; and

WHEREAS, most major telecommunications companies are investing their resources primarily in urban markets while rural, non-urban, smaller communities are not receiving the advanced telecom services needed to sustain economic viability; and

WHEREAS, local governmental leaders are primarily responsible for the economic development well-being of their respective communities; and

WHEREAS, Senate Bill 272 and Assembly Bill 588 place unnecessary restrictions and barriers to local governments that desire to offer advanced telecom services to their businesses and residents, thus hindering the deployment of broadband services in Wisconsin.

NOW THEREFORE BE IT RESOLVED that Columbia County strongly opposes SB 272/AB 588 and urges the State Legislature to defeat these efforts by incumbent cable television and telecommunications companies to limit the deployment of competitive advanced telecom services including cable television, broadband and local telephone services by local units of government; and

BE IT FURTHER RESOLVED that Columbia County join the League of Wisconsin Municipalities, the Wisconsin Alliance of Cities, the Wisconsin Counties Association, the Municipal Electric Utilities of Wisconsin, the Wisconsin Towns Association, the Citizens Utility Board, the Wisconsin Association of School Boards, the Regional Telecommunications Commission and the North Shore Cable Commission in opposition to any efforts to limit, inhibit, or prohibit local governments from providing competitive advanced telecommunications services.

EXECUTIVE COMMITTEE
Motion was made to adopt the resolution by V. Curtis, second by Sanderson.
Mayor Paul Fisk, City of Lodi, had brought the issue of Senate Bill 272 and Assembly Bill 588 to Chair See’s attention requesting that the matter be brought before the County Board. Mayor Fisk indicated Senate Bill 272 was designed to prevent towns, villages and cities from competing and entering the telecommunications market by providing Internet service to our communities. Fisk indicated the City of Lodi had passed a Resolution similar to that being considered by the County Board. Future growth in our communities should be a major factor considered in opposing this legislation. By opposing this legislation, Fisk indicated, it did not necessarily mean a utility would be formed, but that the opportunity to do so was available. He encouraged support of this resolution.

A copy of this resolution will be forwarded to the Governor, Columbia County's Legislative Representatives and the Wisconsin Counties Association.

The Resolution was unanimously adopted.

RESOLUTION 49-03

WHEREAS, county government in the State of Wisconsin is bound by the current mediation and arbitration laws, and
WHEREAS, the current laws:

- do not encourage prompt and fair settlement of public employee contracts
- do not provide local governments with flexibility to work smarter and more efficiently
- do not consider the impact on property tax rates a factor in public employee bargaining

WHEREAS, County government needs to provide state mandated services through innovation and leadership at the most fiscally responsible level to minimize the property tax burden on county residents.

NOW, THEREFORE, BE IT RESOLVED, that the Columbia County Board of Supervisors does hereby go on record as supporting municipal Employment Relations Reform as outlined in AB 598 and 599 as an important step in controlling expenses at the local level.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to each county in the State of Wisconsin, Governor Jim Doyle; Senators Scott Fitzgerald, Robert Welch, Charles Chvala; and, Representatives Jeff Fitzgerald, Eugene Hahn, J. A. Hines, Steve Foti; and the Wisconsin Counties Association.

JUDICIARY COMMITTEE

Question was raised as to a 2/3 vote being required bringing the resolution back before the Board.
Chair See called on Supervisor Westby who read a quote from the Standard Code of Parliamentary Procedures by the American Institute of Parliamentarians, stating, "If the motion was rejected by an earlier meeting or convention it may be renewed by being re-introduced."
Chair See clarified that the resolution being introduced is different from the previous resolution.
Several changes included the addition of the sixth and tenth paragraphs and the reduction in the amount requested in the fifth and seventh paragraphs from $3,000 to $500 and $12,068 to $7,993.51 respectively.
Chair See indicated in his opinion the resolution could be brought before the Board as presented; however, if the Board wished to bring the resolution back as a whole, a 2/3 vote was required.
Motion to adopt resolution made by Sanderson, second by Hutler.
In further discussion, a number of concerns were expressed including use of general fund monies, restitution monies, donations and need for Humane Officer.
Lois Schepp, Comptroller, indicated court ordered restitution would offset expenses incurred.
Motion to amend the Resolution by deleting the ninth paragraph was made by Hamele, second by Horton. The motion to amend was approved on a roll call vote as follows:

AYES: 18, NOES: 13, EXCUSED: 0
NOES: Olson, Riley, Salzwedel, Sanderson, Tramburg, Westby, Wopat, Andler, J. Curtis, DeYoung, Hutler, Martin and See.

The Resolution as amended was approved by a 2/3 vote as follows:

AYES: 24, NOES: 7, EXCUSED: 0
NOES: Stevenson, Wingers, Baumgartner, Boockmeier, DeYoung, Horton and Nelson.

Chair See stated that the Sheriff and Corporation Counsel had been asked to draft a policy regarding establishing an Animal Rescue Fund and Humane Officer to handle these type of situations.

**RESOLUTION 54-03**

WHEREAS, Wisconsin Statute 66.0143 allows municipalities and counties to apply for state mandate waivers for a four year period, and

WHEREAS, Federal Circular OMB A-133 requires provider agencies that spend more than $300,000 in federal funds in a year to have a compliance audit and state audit requirements set that threshold at $25,000 and

WHEREAS, a recent review of provider agencies for the year 2003 requires 31 audits that average in cost from $4,500 and $5,000 and waiver of such requirements would save $558,000 to $620,000 in the four-year period of program in service dollars, and this savings would benefit the citizens of Columbia County who are eligible for services.

THEREFORE, Columbia County requests a waiver exemption for audit requirements for services providers to a threshold of $75,000 to require audit, and

BE IT RESOLVED, this 17th day of December 2003, that the County Board of Supervisors adopts this resolution and forwards a certified copy of this resolution with a record vote with the application for appeal.

A revised Ordinance to include coordinates was placed on desks.
Motion to adopt Ordinance was made by Martin, second by Ross.
Supervisor Ross recommended slow-no-wake zone because of safety issues. The Department of Natural Resources requires an ordinance identifying slow-no-wake zones. This Ordinance also makes the slow-no-wake zone enforceable by both the DNR and Sheriff's Department. In working with revising this ordinance, Ross indicated that it was discovered that funds are available from the DNR for posting specified areas with buoys. The Judiciary Committee will review and make a recommendation in the form of a resolution to the County Board at the next meeting. Currently, the Grade Boat Club in the Lake Wisconsin area pays for buoys. By submitting a Resolution for application for DNR funding, these shared funds would be available for clubs that support boating safety in communities.

Motion carried unanimously. The Ordinance was declared passed and is to be known as Ordinance 73-03.

Committee assignment request made by V. Chair Martin was due January 21st. Not responding to questionnaire would indicate willingness to serve on any committee.

RESOLUTION 1-04

WHEREAS, the County Board of Supervisors of Columbia County, Wisconsin (the "County") has heretofore adopted three initial resolutions (the "Initial Resolutions") authorizing the issuance of general obligation bonds or promissory notes in an amount not to exceed $28,420,000 (the "Securities") for the public purpose of paying the cost of preparing a site and constructing and equipping a new highway facility ($7,500,000) (the "Highway Facility Project"); preparing a site, including demolishing existing buildings; constructing and equipping a new jail facility; remodeling and renovating the existing jail facility; and replacing the health and human services offices ($20,600,000) (the "Jail and HHS Office Projects"); and upgrading the heating system at the County health care center ($320,000) (the "HVAC Project") (collectively, the "Project");

WHEREAS, the County Board of Supervisors hereby finds and determines that the Project is within the County's power to undertake and therefore serves a "public purpose" as that term is defined in Section 67.04(1)(b) of the Wisconsin Statutes;

WHEREAS, counties are authorized by the provisions of Chapter 67 of the Wisconsin Statutes to borrow money and issue general obligation bonds or promissory notes for such public purposes;
WHEREAS, by adoption of the Initial Resolutions, the County has authorized the issuance and sale of general obligation bonds or promissory notes to provide permanent financing for the Project;

WHEREAS, on June 4, 2003, the County Board of Supervisors issued $9,600,000 General Obligation Promissory Notes to pay a portion of the Project;

WHEREAS, none of the proceeds of the Bond Anticipation Notes shall be used to fund the operating expenses of the general fund of the County or to fund the operating expenses of any special revenue fund of the County that is supported by the property taxes; and,

WHEREAS, it is the finding of the County Board of Supervisors that it is necessary, desirable and in the best interest of the County to provide for the issuance and sale of bond anticipation notes pursuant to Section 67.12(1)(b), Wisconsin Statutes, in anticipation of receiving the proceeds from the issuance and sale of the Securities to provide interim financing to pay the remaining portion of the cost of the Project and to sell such notes to M&I Marshall & Ilsley Bank, Milwaukee, Wisconsin, pursuant to the terms and conditions of its note purchase proposal.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Supervisors of the County that:

Section 1. General Obligation Bonds or Promissory Notes. The County hereby declares its intention and covenants to issue general obligation bonds or promissory notes pursuant to the provisions of Chapter 67 of the Wisconsin Statutes, in an amount sufficient to retire any outstanding bond anticipation notes issued for the purpose of paying the cost of the Project (hereinafter, such bonds or notes shall be referred to as the "Securities"). The County has heretofore authorized the issuance of the Securities pursuant to the Initial Resolutions.

Section 2. Authorization of the Notes. For the purpose of paying the remaining portion of the cost of the Project, there shall be borrowed pursuant to Section 67.12(1)(b) of the Wisconsin Statutes, the principal sum of EIGHTEEN MILLION EIGHT HUNDRED TWENTY THOUSAND DOLLARS ($18,820,000) from M&I Marshall & Ilsley Bank, Milwaukee, Wisconsin (the "Purchaser") in accordance with the terms and conditions of the term sheet (the "Term Sheet") attached hereto as Exhibit A and incorporated herein by this reference

Section 3. Sale of the Notes. To evidence such indebtedness, the Chairperson and County Clerk are hereby authorized, empowered and directed to make, execute, issue and sell to the Purchaser for, on behalf of and in the name of the County, bond anticipation notes aggregating the principal amount of EIGHTEEN MILLION EIGHT HUNDRED TWENTY THOUSAND DOLLARS ($18,820,000) (the "Notes") for the sum set forth on the Term Sheet, plus accrued interest to the date of delivery.

Section 4. Terms of the Notes. The Notes shall be designated "Bond Anticipation Notes"; shall be dated March 3, 2004; shall be in the denomination of $100,000 or more; shall be numbered 1 and upward; shall bear interest at the rate and shall mature on June 1, 2004 as set forth on the schedule prepared by the Purchaser and attached hereto as Exhibit B (the "Schedule"). Interest is payable at maturity.

Section 5. Redemption Provisions. The Notes shall not be subject to optional redemption.

Section 6. Form of the Notes. The Notes shall be issued in registered form and shall be executed and delivered in substantially the form attached hereto as Exhibit C and incorporated herein by this reference.

Section 7. Security. The Notes shall in no event be a general obligation of the County and do not constitute an indebtedness of the County nor a charge against its general credit or taxing power. No lien is created upon the Project or other property of the County as a result of the issuance of the Notes. The Notes shall be payable from (a) any proceeds of the Notes set aside for payment of interest on the Notes as it becomes due, and (b) proceeds to be derived from the issuance and sale of the Securities, which proceeds are hereby declared to constitute a Special Trust Fund, hereby created and established, to be held by the County Clerk and expended solely for the payment of the principal of and interest on the Notes. The County hereby agrees that, in the event such monies are not sufficient to pay the principal of and interest on the Notes when due, if necessary, the County will pay such deficiency out of its tax levy or other available funds of the County; provided, however, that such payment shall be subject to annual budgetary appropriations therefor; and provided further, that neither this Resolution nor any such payment shall be construed as constituting an obligation of the County to make any such appropriation or any further payment.
Section 8. Covenants of the County. The County hereby covenants with the holders of the Notes as follows:

(a) It shall issue and sell the Securities as soon as practicable;
(b) It shall segregate the proceeds derived from the sale of the Securities into a Special Trust Fund created above and constituted as a special trust fund and shall permit such Special Trust Fund to be used for no purpose other than the payment of principal of and interest on the Notes until paid; and,
(c) It shall maintain a debt limit capacity such that the combined outstanding principal amount of general obligation bonds or notes or certificates of indebtedness of the County and the $18,820,000 authorized for the issuance of the Securities shall at no time exceed the constitutional debt limit of the County.

Section 9. Segregated Debt Service Fund Account. There is hereby established in the County treasury a fund account separate and distinct from all other funds or accounts of the County designated "Debt Service Fund Account for $18,820,000 Columbia County Bond Anticipation Notes, dated March 3, 2004", which fund account shall be used solely for the purpose of paying the principal of and interest on the Notes. There shall be deposited in said fund account (i) all accrued interest paid on the Notes at the time the Notes are delivered to the Purchaser; (ii) any proceeds of the Notes representing capitalized interest on the Notes and deposited in the Borrowed Money Fund (hereinafter created), as needed to pay the interest on the Notes when due; (iii) proceeds of the Securities (or other obligations of the County issued to pay principal of or interest on the Notes) to the extent necessary to pay principal of or interest on the Notes; (iv) such other sums, including tax monies, as may be necessary at any time to pay principal of and interest on the Notes when due and which are appropriated by the County Board of Supervisors for that purpose; and (v) surplus monies in the Borrowed Money Fund as specified in Section 10 hereof. Said Fund shall be used for the sole purpose of paying the principal of and interest on the Notes and shall be maintained for such purpose until such indebtedness is fully paid or otherwise extinguished, and shall at all times be invested in a manner that conforms with the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), and any applicable income tax regulations (the "Regulations").

Section 10. Segregated Borrowed Money Fund; Reimbursement. The proceeds of the Notes (the "Note Proceeds"), other than any premium and accrued interest which must be paid at the time of delivery of the Notes into the Debt Service Fund Account created above, shall be deposited into an account separate and distinct from all other funds and accounts and disbursed solely for the purposes for which borrowed or for the payment of the principal of and interest on the Notes. Said proceeds may be temporarily invested in legal investments in the manner set forth below.

The County declares its reasonable expectation to reimburse itself from the Note Proceeds for expenditures relating to the Project which it pays from other funds of the County prior to receipt of the Note Proceeds no more than 60 days prior to the date the Initial Resolutions were adopted. The County may also reimburse itself for preliminary expenditures relating to the Project (such as architectural, engineering, surveying, soil testing, costs of issuance and similar costs but not including land acquisition, site preparation and similar costs incident to the commencement of construction) which are in an amount which is less than 20% of the issue price of the Notes. This declaration and the Resolution of which it is a part, shall be publicly available in the official books, records or proceedings of the County Board of Supervisors.

Section 11. Arbitrage Covenant. The County shall not take any action with respect to the Note Proceeds which, if such action had been reasonably expected to have been taken, or had been deliberately and intentionally taken on the date of the delivery of and payment for the Notes (the "Closing"), would cause the Notes to be "arbitrage bonds" within the meaning of Section 148 of the Code and the Regulations.

The Note Proceeds may be temporarily invested in legal investments until needed, provided however, that the County hereby covenants and agrees that so long as the Notes remain outstanding, monies on deposit in any fund or account created or maintained in connection with the Notes, whether such monies were derived from the Note Proceeds or from any other source, will not be used or invested in a manner which would cause the Notes to be "arbitrage bonds" within the meaning of the Code or Regulations. The County covenants that it will not invest in any obligation if such investment would violate the "prohibited payment" requirement of Section 148 of the Code.
The County Clerk, or other officer of the County charged with the responsibility for issuing the Notes, shall provide an appropriate certificate of the County, for inclusion in the transcript of proceedings, setting forth the reasonable expectations of the County regarding the amount and use of the Note Proceeds and the facts and estimates on which such expectations are based, all as of the Closing.

Section 12. Additional Tax Covenants; Two Year Expenditure Exemption from Rebate. The County hereby further covenants and agrees that it will take all necessary steps and perform all obligations required by the Code and Regulations (whether prior to or subsequent to the issuance of the Notes) to assure that the Notes are obligations described in Section 103(a) of the Code, the interest on which is excludable from gross income for federal income tax purposes, throughout their term. The County further covenants that it will not take any action, omit to take any action or permit the taking or omission of any action within its control (including, without limitation, making or permitting any use of the proceeds of the Notes) if taking, permitting or omitting to take such action would cause any of the Notes to be an arbitrage bond or a private activity bond within the meaning of the Code or would otherwise cause interest on the Notes to be included in the gross income of the recipients thereof for federal income tax purposes. The County Clerk or other officer of the County charged with the responsibility of issuing the Notes, shall provide an appropriate certificate of the County as of the Closing, for inclusion in the transcript of proceedings, certifying that it can and covenanting that it will comply with the provisions of the Code and Regulations.

Further, it is the intent of the County to take all reasonable and lawful actions to comply with any new tax laws enacted so that the Notes will continue to be obligations described in Section 103(a) of the Code, the interest on which is excludable from gross income for federal income tax purposes throughout their term.

The County covenants that it is a governmental unit with general taxing powers and that the Notes are not "private activity bonds" as defined in Section 141 of the Code.

In accordance with Section 148(f)(4)(C) of the Code, the County covenants that at least 75% of the available construction proceeds of the Notes shall be used for construction expenditures with respect to property owned by the County as provided in Section 148(f)(4)(C)(iv) of the Code. If at least 10% of the available construction proceeds of the Notes (including investment earnings thereon) are expended for the governmental purposes of the issue within six months of the Closing; at least 45% are expended for such purposes within one year; at least 75% are expended for such purposes within eighteen months; and 100% are expended for such purposes within two years, the Notes will qualify for the two year expenditure exception from the rebate requirements of the Code. If for any reason the County did not qualify for the two year expenditure exemption from the rebate requirements of the Code, the County covenants that it would take all necessary steps to comply with such requirements.

Section 13. Execution of the Notes. The Notes shall be prepared in typewritten or printed form, executed on behalf of the County by the manual or facsimile signatures of the Chairperson and County Clerk, authenticated, if required, by its fiscal agent, if any, sealed with its official or corporate seal, if any, or a facsimile thereof and delivered to the Purchaser upon payment to the County of the purchase price thereof, plus accrued interest to the date of delivery. In the event that either of the officers whose signatures appear on the Notes shall cease to be such officers before the delivery of the Notes, such signatures shall, nevertheless, be valid and sufficient for all purposes to the same extent as if they had remained in office until such delivery. The aforesaid officers are hereby authorized to do all acts and execute all documents as may be necessary and convenient to effectuate the Closing.

Section 14. Payment of the Notes. The principal of and interest on the Notes shall be paid in lawful money of the United States of America by the County Clerk or County Treasurer.

Section 15. Persons Treated as Owners; Transfer of Notes; Record Date. The County shall keep books for the registration and for the transfer of the Notes. The persons in whose name any Note shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and payment of either principal or interest on any Note shall be made only to the registered owner thereof. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Note to the extent of the sum or sums so paid.
Any Note may be transferred by the registered owner thereof by surrender of the Note at the office of the County Clerk, duly endorsed for the transfer or accompanied by an assignment duly executed by the registered owner or his attorney duly authorized in writing. Upon such transfer, the Chairperson and County Clerk shall execute and deliver in the name of the transferee or transferees a new Note or Notes of a like aggregate principal amount, series and maturity and the County Clerk shall record the name of each transferee in the registration book. No registration shall be made to bearer. The County Clerk shall cancel any Note surrendered for transfer.

The County shall cooperate in any such transfer, and the Chairperson and County Clerk are authorized to execute any new Note or Notes necessary to effect any such transfer.

The fifteenth day of each calendar month next preceding each interest payment date shall be the record date for the Notes. Payment of interest on the Notes on any interest payment date shall be made to the registered owners of the Notes as they appear on the registration book of the County at the close of business on the corresponding record date.

Section 16. Utilization of The Depository Trust Company Book-Entry-Only System. In order to make the Notes eligible for the services provided by The Depository Trust Company, New York, New York ("DTC"), the County agrees to the applicable provisions set forth in the Blanket Issuer Letter of Representations previously executed on behalf of the County and on file in the County Clerk's office.

Section 17. Continuing Disclosure. The continuing disclosure requirements of SEC Rule 15c2-12, as amended, are not applicable to the Notes because the Notes are a primary offering in authorized denominations of $100,000 or more and mature in less than nine months.

Section 18. Conflicting Resolutions; Severability; Effective Date. All prior resolutions, rules or other actions of the County Board of Supervisors or any parts thereof in conflict with the provisions hereof shall be, and the same are, hereby rescinded insofar as the same may so conflict. In the event that any one or more provisions hereof shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provisions hereof. The foregoing shall take effect immediately upon adoption and approval in the manner provided by law.

RESOLUTION 7-04

WHEREAS, the State of Wisconsin U.W. Board of Regents has awarded Columbia County an “Agricultural Entrepreneurship Education” grant, which will implement the project: “Building a Wisconsin Produce Auction Network”, and

WHEREAS, the objectives of this project are to evaluate the economic impacts (both real and potential) of the three existing Wisconsin Produce Auctions and to build a foundation for communication and cooperation among the auction companies, and

WHEREAS, it is the intent of this project to have the three auction organizations increase their awareness and knowledge about the potential for better coordination across the organizations, with an ultimate outcome of deciding on whether to work towards better coordination, and

WHEREAS, the grant award is $4,100, which will reimburse 100% of County costs.

RESOLUTION 8-04

WHEREAS, the state of Wisconsin borders or contains over 360 miles of the upper Mississippi River and 11 navigation locks and dams along those borders; and
WHEREAS, many of Wisconsin’s locks and dams are more than 60 years old and only 600 feet long, making them unable to accommodate modern barge tows of 1,200 feet long, nearly tripling locking times and causing lengthy delays and ultimately increasing shipping costs; and
WHEREAS, the use of 1,200 foot locks has been proven nationwide as the best method of improving efficiency, reducing congestion, and modernizing the inland waterways; and
WHEREAS, the construction of the lock and dam system has spurred economic growth and a higher standard of living in the Mississippi and Illinois river basin and today supplies more than 300,000,000 tons of the nation’s cargo, supporting more than 400,000 jobs, including 90,000 in manufacturing; and
WHEREAS, Wisconsin farmers, producers, and consumers rely on efficient transportation to remain competitive in a global economy, and efficiencies in river transport offset higher production costs compared to those incurred by foreign competitors; and
WHEREAS, the upper Mississippi and Illinois rivers’ lock and dam system saves our nation more than $1.5 billion in higher transportation costs each year, and failing to construct 1,200 foot locks will cause farmers to use more expensive alternative modes of transportation, including trucks and trains; and
WHEREAS, moving away from river transport would add millions of trucks and railcars to our nation’s infrastructure, increasing air pollution, traffic congestion, and greater wear and tear on highways; and
NOW, THEREFORE BE IT RESOLVED that the Columbia County Board of Supervisors formally recognize the upper Mississippi River as a river of statewide significance for natural, navigational, and recreational benefits; and,
BE IT FURTHER RESOLVED, that the Columbia County Board of Supervisors supports the timely modernization of the inland waterway transportation infrastructure on the upper Mississippi River, and urges Congress to authorize funding to construct 1,200 foot locks on the upper Mississippi River system; and,
BE IT FURTHER RESOLVED, that copies of this resolution be sent to Senators, Kohl and Feingold, members of the congressional delegation from Wisconsin, Governor Jim Doyle, Secretary of Administration, Marc Marotta, Secretary of Commerce, Corey Nettles and to the Wisconsin Counties Association.
Dated this 2nd day of February 2004.
Motion was made to adopt the Resolution by Hamele, second by Stevenson. The Resolution was unanimously adopted.

RESOLUTION 9-04

WHEREAS, the State of Wisconsin has recently adopted changes to the state Uniform Dwelling Code (UDC) that were signed into law by Governor Doyle on December 18, 2003, and
WHEREAS, said changes eliminate the exemption for a municipality under 2,500 in population to not enforce the UDC within its boundaries, and
WHEREAS, recent correspondence from the Department of Commerce advises municipalities that one option available under the new law is to request county adoption and enforcement of the UDC in all current non-enforcing municipalities, and
WHEREAS, Columbia County, due to budgetary constraints and lack of available staff, is not currently in a position to provide administration and enforcement of the UDC and wishes to inform municipalities that County enforcement is not a viable option at this time, and
WHEREAS, the Wisconsin Department of Commerce has requested a response from the County as to the possibility of County UDC enforcement,
THEREFORE BE IT RESOLVED: That Columbia County will not take responsibility for enforcement of the Uniform Dwelling Code, and that a copy of this resolution shall be forwarded to the Wisconsin Department of Commerce, Safety and Buildings Division.

RESOLUTION 10-04

WHEREAS, the County Board of Supervisors of Columbia County, Wisconsin (the "County") hereby finds and determines that it is necessary, desirable and in the best interest of the County to raise funds for the purpose of paying the cost of refunding certain outstanding obligations of the County, to wit: $18,820,000 Bond Anticipation Notes, dated March 3, 2004 (the "2004 Notes") (hereinafter the refinancing of the County's 2004 Notes shall be referred to as the "Refunding"), and there are insufficient funds on hand to pay said costs;

WHEREAS, the 2004 Notes were issued for the purpose of paying a portion of the cost of preparing a site and constructing and equipping a new highway facility; preparing a site, including demolishing existing buildings; constructing and equipping a new jail facility; remodeling and renovating the existing jail facility; and replacing the health and human services offices; and upgrading the heating system at the County health care center (the "Project");

WHEREAS, the County Board of Supervisors deems it to be necessary, desirable and in the best interest of the County to refund the 2004 Notes on their maturity date of June 1, 2004 for the purpose of providing permanent financing for such portion of the Project;

WHEREAS, the County Board of Supervisors has heretofore found and determined that the Project is within the County's power to undertake and serves a "public purpose" as that term is defined in Section 67.04(1)(b) of the Wisconsin Statutes;

WHEREAS, counties are authorized by the provisions of Chapter 67 of the Wisconsin Statutes to borrow money and to issue general obligation refunding bonds to refinance their outstanding obligations;

WHEREAS, none of the proceeds of the General Obligation Refunding Bonds shall be used to fund the operating expenses of the general fund of the County or to fund the operating expenses of any special revenue fund of the County that is supported by the property taxes; and

WHEREAS, the County Board of Supervisors now deems it to be necessary, desirable and in the best interest of the County to authorize the issuance of and to award the sale of its general obligation refunding bonds to Hutchinson, Shockey, Erley & Co., Milwaukee, Wisconsin.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Supervisors of the County that:
Section 1. Authorization of the Bonds. For the purpose of paying the cost of the Refunding, there shall be borrowed pursuant to Chapter 67 of the Wisconsin Statutes, the principal sum of EIGHTEEN MILLION EIGHT HUNDRED TWENTY THOUSAND DOLLARS ($18,820,000) from Hutchinson, Shockey, Erley & Co., Milwaukee, Wisconsin (the "Purchaser") in accordance with the terms and conditions of its purchase proposal (the "Proposal") attached hereto as Exhibit A and incorporated herein by this reference.

Section 1A. Sale of the Bonds. To evidence such indebtedness, the Chairperson and County Clerk are hereby authorized, empowered and directed to make, execute, issue and sell to the Purchaser for, on behalf of and in the name of the County, General Obligation Refunding Bonds aggregating the principal amount of EIGHTEEN MILLION EIGHT HUNDRED TWENTY THOUSAND DOLLARS ($18,820,000) (the "Bonds") for the sum set forth on the Proposal, plus accrued interest to the date of delivery.

Section 2. Terms of the Bonds. The Bonds shall be designated "General Obligation Refunding Bonds"; shall be dated April 1, 2004; shall be in the denomination of $5,000 or any integral multiple thereof; shall be numbered 1 and upward; shall bear interest at the rates and shall mature on August 1 of each year, in the years and principal amounts as set forth on the schedule prepared by the Purchaser and attached hereto as Exhibit B (the "Schedule"). Interest is payable semi-annually on February 1 and August 1 of each year commencing on February 1, 2005.

Section 3. Redemption Provisions. At the option of the County, the Bonds maturing on August 1, 2015 and thereafter shall be subject to redemption prior to maturity on August 1, 2014 or on any date thereafter. Said Bonds shall be redeemable as a whole or in part, and if in part, from maturities selected by the County and within each maturity by lot, at the principal amount thereof, plus accrued interest to the date of redemption.

If the Proposal specifies that any of the Bonds are subject to mandatory redemption, the terms of such mandatory redemption shall be set forth on an attachment hereto as Exhibit MRP (the "Mandatory Redemption Provisions") and incorporated herein by this reference.

Section 4. Form of the Bonds. The Bonds shall be issued in registered form and shall be executed and delivered in substantially the form attached hereto as Exhibit C and incorporated herein by this reference.

Section 5. Direct Annual Irrepealable Tax Levy. For the purpose of paying the principal of and interest on the Bonds as the same becomes due, the full faith, credit and resources of the County are hereby irrevocably pledged, and there is hereby levied upon all of the taxable property of the County a direct annual irrepealable tax in the years 2004 through 2022 for the payments due in the years 2005 through 2023 in the amounts set forth on the Schedule.

The direct annual irrepealable tax hereby levied shall be carried onto the tax roll and collected in addition to all other taxes and in the same manner and at the same time as other taxes of the County for said years are collected. So long as any part of the principal of or interest on the Bonds remains unpaid, the tax hereinabove levied shall be and continues irrepealable except that the amount of tax carried onto the tax roll may be reduced in any year by the amount of any surplus in the Debt Service Fund Account for the Bonds created below.

Section 6. Segregated Debt Service Fund Account. There is hereby established in the County treasury a fund account separate and distinct from all other funds or accounts of the County designated "Debt Service Fund Account for $18,820,000 Columbia County General Obligation Refunding Bonds dated April 11, 2004", which fund account shall be used solely for the purpose of paying the principal of and interest on the Bonds. There shall be deposited in said fund account all accrued interest paid on the Bonds at the time the Bonds are delivered to the Purchaser, any premium, all money raised by taxation pursuant to Section 5 hereof, and all other sums as may be necessary to pay principal of and interest on the Bonds as the same become due. Said fund account shall be used for the sole purpose of paying the principal of and interest on the Bonds, shall be maintained for such purpose until such indebtedness is fully paid or otherwise extinguished, and shall at all times be invested in a manner that conforms with the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), and any applicable income tax regulations (the "Regulations").
Section 7. Borrowed Money Fund. The proceeds of the Bonds (the "Bond Proceeds") (other than any premium and accrued interest which must be paid at the time of the delivery of the Bonds into the Debt Service Fund Account created above) shall be deposited into an account separate and distinct from all other funds and disbursed solely for the purposes for which borrowed or for the payment for the principal of and the interest on the Bonds.

Section 8. Arbitrage Covenant. The County shall not take any action with respect to the Bond Proceeds which, if said action had been reasonably expected to have been taken, or had been deliberately and intentionally taken on the date of delivery of and payment for the Bonds (the "Closing") would have caused the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code and the Regulations.

The Bond Proceeds may be temporarily invested in legal investments until needed, provided however, that the County hereby covenants and agrees that so long as the Bonds remain outstanding, moneys on deposit in any fund or account created or maintained in connection with the Bonds, whether such moneys were derived from Bond Proceeds or from any other source, will not be used or invested in a manner which would cause the Bonds to be "arbitrage bonds" within the meaning of the Code or Regulations. The County covenants that it will not invest in any obligation if such investment would violate the "prohibited payment" requirement of Section 148 of the Code.

The County Clerk, or other officer of the County charged with responsibility for issuing the Bonds, shall provide an appropriate certificate of the County, for inclusion in the transcript of proceedings, setting forth the reasonable expectations of the County regarding the amount and use of the Bond Proceeds and the facts and estimates on which such expectations are based, all as of the Closing.

Section 9. Additional Tax Covenants; Six Month Expenditure Exemption from Rebate. The County hereby further covenants and agrees that it will take all necessary steps and perform all obligations required by the Code and Regulations (whether prior to or subsequent to the issuance of the Bonds) to assure that the Bonds are obligations described in Section 103(a) of the Code, the interest on which is excludable from gross income for federal income tax purposes, throughout their term. The County Clerk or other officer of the County charged with the responsibility of issuing the Bonds, shall provide an appropriate certificate of the County as of the Closing, for inclusion in the transcript of proceedings, certifying that it can and covenanting that it will comply with the provisions of the Code and Regulations.

Further, it is the intent of the County to take all reasonable and lawful actions to comply with any new tax laws enacted so that the Bonds will continue to be obligations described in Section 103(a) of the Code, the interest on which is excludable from gross income for federal income tax purposes throughout their term.

The County covenants that it is a governmental unit with general taxing powers and that the Bonds are not "private activity bonds" as defined in Section 141 of the Code.

In accordance with Section 148(f)(4)(B) of the Code, the County covenants that ninety-five percent (95%) or more of the net proceeds of the Bonds are to be used for local governmental activities of the County and that 100% of the proceeds of the Bonds will be expended for the governmental purposes of the issue within six months of the Closing. If for any reason the County did not qualify for the six month exemption from the rebate requirements of the Code, the County covenants that it would take all necessary steps to comply with such requirements.

Section 10. Execution of the Bonds. The Bonds shall be prepared in typewritten or printed form, executed on behalf of the County by the manual or facsimile signatures of the Chairperson and County Clerk, authenticated, if required, by its Fiscal Agent, appointed herein, sealed with its official or corporate seal, if any, or a facsimile thereof and delivered to the Purchaser upon payment to the County of the purchase price thereof, plus accrued interest to the date of delivery. In the event that either of the officers whose signatures appear on the Bonds shall cease to be such officers before the delivery of the Bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes to the same extent as if they had remained in office until such delivery. The aforesaid officers are hereby authorized to do all acts and execute all documents as may be necessary and convenient for effectuating the Closing.
Section 11. Payment of the Bonds; Fiscal Agent. The principal of and interest on the Bonds shall be paid by Associated Trust Company, National Association, Green Bay, Wisconsin, which is hereby appointed as the County's registrar and fiscal agent pursuant to the provisions of Section 67.10(2), Wisconsin Statutes (the "Fiscal Agent"). The Fiscal Agency Agreement between the County and the Fiscal Agent shall be substantially in the form attached hereto as Exhibit D and incorporated herein by this reference.

Section 12. Utilization of The Depository Trust Company Book-Entry-Only System. In order to make the Bonds eligible for the services provided by The Depository Trust Company, New York, New York ("DTC"), the County agrees to the applicable provisions set forth in the Blanket Issuer Letter of Representations previously executed on behalf of the County and on file in the County Clerk's office.

Section 13. Undertaking to Provide Continuing Disclosure. The County hereby covenants and agrees, for the benefit of the holders of the Bonds, to enter into a written undertaking (the "Undertaking") required by SEC Rule 15c2-12 promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934 (the "Rule") to provide continuing disclosure of certain financial information and operating data and timely notices of the occurrence of certain events in accordance with the Rule. This Undertaking shall be enforceable by the holders of the Bonds or by the Purchaser on behalf of such holders (provided that the rights of the holders and the Purchaser to enforce the Undertaking shall be limited to a right to obtain specific performance of the obligations hereunder and any failure by the County to comply with the provision of this Undertaking shall not be an event of default with respect to the Bonds).

The County Clerk, or other officer of the County charged with the responsibility for issuing the Bonds, shall provide a Continuing Disclosure Certificate for inclusion in the transcript of proceedings, setting forth the details and terms of the County's Undertaking.

Section 14. Bond Insurance. The Chairperson and County Clerk are authorized to agree to such additional provisions as any municipal bond insurer which makes a commitment accepted by the County to insure the Bonds may reasonably request and which are acceptable to the Chairperson and County Clerk, including provisions regarding restrictions on investment of Bond Proceeds, the payment procedure under the municipal bond insurance policy, the rights of the bond insurer in the event of default and payment of the Bonds by the bond insurer and notices to be given to the bond insurer. In addition, appropriate reference to the municipal bond insurance policy shall be made in the form of Bond provided herein.

Section 15. Conflicting Resolutions; Severability; Effective Date. All prior resolutions, rules or other actions of the County Board of Supervisors or any parts thereof in conflict with the provisions hereof shall be, and the same are, hereby rescinded insofar as the same may so conflict. In the event that any one or more provisions hereof shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provisions hereof. The foregoing shall take effect immediately upon adoption and approval in the manner provided by law.

Sec. 5-3-5 Lodging Expense.

(a) Allowable Rates. Eligible persons shall be reimbursed in full for hotel or motel expense at the rate established by Resolutions presented by the Finance Committee and approved by the County Board. Lodging costs in excess of the established rate which are at the site of a conference or convention shall be submitted to the Finance Committee and shall be allowed if reasonable. If found to be unreasonable, reimbursement shall be limited to the maximum rate.

(c) Purchase Order Requirement. Prior to departure, a Purchase Order must be obtained from the Purchasing Agent for lodging expense. Attached to the request must be a copy of the registration information. Payment shall thereafter be made only upon submission of an original Invoice. Payment shall not be made unless a Purchase Order is on file in the Clerk’s Accounting Office.

(d) Distance Requirement. A Purchase Order for lodging must be issued prior to departure. Such lodging expense shall be approved by the County Accounting Office Clerk if the eligible person is participating in a night meeting or is on the committee presenting the conference or training.

(e) Night Prior to Conference. Lodging for the night prior to a conference shall only be allowed for distances over 60 miles from the County seat when the conference or training begins earlier than 9:00 a.m. Lodging expenses shall be approved by the County Accounting Office Clerk if the eligible person is participating in a night meeting prior to the beginning of the conference or is on the committee presenting the conference or training and has obtained prior approval by the governing committee.

(f) County Board Supervisors shall adhere to the Standing Rules for allowability on overnight stays associated with conferences.

Sec. 5-3-7 Conventions and Conferences.
